

PLEASANT HEIGHTS PEOPLE HAVE THEIR WAR PAINT ON

Propose to Have Street Railway Company's Scalp Unless Needed.

CONDITIONS OF FRANCHISE

Repeatedly Violated and Property Owners Clamor For Their Rights.

THEY ENGAGE AN ATTORNEY

And Propose to Have the Line Constructed According to Agreement or Have the Whole System Tied Up By Legal Action.

The management of the East Liverpool Street railway has scarcely surmounted one difficulty in the way of smooth sailing for the corporation until another and more formidable obstacle confronts the company.

A largely attended and very enthusiastic meeting of the residents of Pleasant Heights and vicinity was held at the residence of George W. Ashbaugh last night. The action there taken will leave no doubt in the mind of the street railway authorities that the citizens of Lisbon, Pleasant and other streets to be traversed by the Pleasant Heights extension, mean business this time and no mistake.

Mr. Ashbaugh was made chairman of the meeting, and a secretary was selected. The assembled property holders were then ready for business, and the better posted ones present proceeded to enlighten the others as to the true status of affairs.

A copy of the original franchise was produced and dissected point by point. It was stated that the old franchise granted to the company when it was owned and operated by A. Johnson and others was for a period of something like 18 years. Along in 1899, under the present ownership, it was apparent to both the council and management that extensions were necessary in several suburban districts. At that time the company asked for an extension of the franchise to 25 years, and in consideration of the company agreeing to build extensions in East End, Calcutta road and Lisbon street, the council complied with the request.

The original main bill and all the extensions were included in one franchise in the shape of an ordinance, and the extensions were to be completed within a period of one year from the passage of the ordinance—Oct. 10, 1899. At the expiration of that time, in case the lines were not finished, the ordinance provided that the franchise should be null and void. Other extensions have been made, but nothing has been done upon the construction of the line in question.

From time to time since the franchise was violated, the matter has been brought to the attention of the council. Upon each of these occasions the action of the body was unanimous as to the necessity for building the line, some of the members going so far as to denounce the attitude of the company in spread-eagle speeches. The desire for the company's scalp apparently left these members at the door of the council chamber, however, for nothing has come of the many motions and demands. Last November the street railway management was given 15 days in which to begin the work. At the end of that time an extension to the first of the year was asked, and granted. The company stated it wanted to renew an old contract with the Pleasant Heights Land company. It had been learned by several parties who were present at the meeting last night that this agreement provided for a donation of \$5,000 from the land company, provided the line was constructed within a year from the passage of the ordinance. This was not done. The agreement was renewed on the same basis for the second year. When the company again failed to fulfill its part of the contract, the land company washed its hands of the whole affair.

The question was raised as to whether this agreement or contract would have any bearing upon the matter as it now stands, and it was decided that it would not. The citizens state the matter is entirely in the hands of the city and the railway people. The franchise was solicited and granted. The time has expired, and the violation of a city ordinance is as

plain as the arrest of the thief caught red-handed.

The chairman reported that he had consulted Mayor Davidson, and that the official had given him an absolute promise that just so soon as he was convinced of the legality of his cause he would lose no time in enforcing the ordinance.

The decision was reached to proceed in a legal manner to secure what had been determined upon, and in order to be absolutely certain on this point, a committee of three was appointed to retain Attorney W. H. Vodrey with whatever assistance may be necessary. Every atom of data will be placed in the hands of the attorneys, and when the investigation has been completed the citizens will be in position to proceed with assurance. There can be put one result, say the property owners interested—either the line will be constructed according to the franchise, or the entire system will be tied up.

Attorney Vodrey and his associates will be given time for all the inquiry necessary and another meeting of the citizens will be held next week.

WEDDING ANNIVERSARY

DELIGHTFULLY CELEBRATED BY MR. AND MRS. J. H. BROWN.

Twenty Years Married, They Agreeably Entertain About 200 Friends.

Mr. and Mrs. J. H. Brown, of Market street, celebrated their twentieth wedding anniversary last evening by pleasantly entertaining about 200 of their friends and relatives in the Knights of Columbus hall.

The rooms were beautifully decorated in pink, green and white. Music, dancing and games of various kinds served to engage the thoughts of the guests. While progressive euchre was being played by a number, dancing to the music of the Sirius Mandolin club was engaged in by the younger set. Pining the tail on the donkey was much enjoyed by those participating in the game and the prizes awarded for both this and the progressive euchre were very pretty and appropriate. Late in the evening a delightful collation was served and in this, as well as the decorations the color scheme was well carried out.

Mr. and Mrs. Brown were the recipients of a large number of very beautiful presents, together with the congratulations of a host of friends.

Among the out-of-town guests were: Mr. and Mrs. Edward Feist, Mrs. P. W. Feist and daughter, Lillian, Misses Minnie Floto, Ella Purcell and Kate Kate Fishinger, Mrs. Miller, Mrs. Rose Campbell, all of Steubenville.

BASEBALL CRAZY

New Cumberland Claims a Strong Nine, Including East Liverpool Talent.

New Cumberland is going baseball crazy over the prospects of the team for the coming season. The team, it is said, will be the strongest aggregation that ever represented the town on the diamond. The new uniforms will arrive in a few days, the grounds are being put in good shape, and the season will be opened May 17.

George Westlake, who has the reputation of being one of the speediest infielders outside the big league, having played in almost every other league in the country, will be found in the lineup, along with Shorty O'Brine, who helped Warren win the pennant in the Iron and Oil league in 1895, and who was pronounced by Jack Menefee the best pitcher in that league. Finch, Ashbaugh, Godwin and Welsh, of last year's champion East Liverpool team, are said to have been signed; to say nothing of Jenkins, Huff, Householder and Brandon, of former clubs. Games are wanted with all strong amateur and semi-professional teams. W. H. Huff is secretary.

Cars Ran Away.

Three empty freight cars that were being switched on the Horn switch ran away about 11 o'clock this morning and went down the hill at a frightful speed, and finally crashed into several cars standing near the old glass factory. Only cars were damaged.

No Reduction in Meat.

Nothing of moment was done by the local butchers at the meeting of the association held last evening and no action taken for a decrease in the prices of meat.

JOHN W. GATES, THE FAMOUS WALL STREET PLUNGER.
A few years ago Gates was a hardware dealer in an Illinois town; now he is one of the leading figures in Wall street, heading what is termed "The Western Crowd." He has many millions and no end of nerve.

DEPUTY ALLISON AGAIN INDICTED

Three True Bills Against Him Found by the Special Grand Jury.

BLACKMAILING IS CHARGED

Also Attempting to Oppress—He Is Jointly Indicted With Baker—East Liverpool Man Found Guilty of Non-Support.

Lisbon, May 2.—(Special)—The special grand jury which convened yesterday to investigate the case of Deputy Sheriff Lawrence Allison reported late in the afternoon. Three indictments were found against Allison, namely blackmailing and attempting to oppress, also jointly indicting him with Oscar L. Baker.

Allison was released on a bond of \$400 signed by C. C. Hasbrouck, of Lisbon, and Wm. E. Morrow, of East Liverpool.

The panel was made up from bystanders and their names are as follows: Perry McCaskey, A. J. Tice, Henry Burnett, C. W. Shawke, J. B. Frew, J. A. Smith, M. P. Nace, S. M. Riddle, W. D. Bristol, William Morron, William Meyers, E. E. Pace, Daniel Jackson, Ellis Brunick and W. C. Taylor.

Daniel Wilson, of East Liverpool, was indicted by the special grand jury yesterday afternoon for non-support of a minor child. He was arraigned and pleaded guilty and was sentenced to three months in the workhouse at Canton; also to remain there until costs were paid.

William McDevitt, of Wellsville, who was indicted a charge of assaulting a 12-year-old girl, was found guilty and sentenced to three months in the workhouse.

The suit of John Q. Adams against Lile I. Sharp, of Lisbon, was tried in common pleas court yesterday afternoon. A verdict of \$59.89 for the plaintiff was returned. Adams sued to recover \$55 and interest on a note given for a vehicle. The defendant claims the vehicle was not made wholly of new material.

The following jurymen have been drawn to fill the panel for next week: W. R. Baker, East Fairfield; Geo. A. Imbrie, Wellsville; W. M. Koch, East Palestine; J. C. Richardson, Clarkson; John C. Rayl, Wellsville; E. D. Moore, East Liverpool; Charles Peters, Lisbon; Edwin H. Riggs, Wellsville; Cassius Campbell; John C. Catlett, Wellsville.

VAIN OF HIS LOOKS

But They Were Destroyed By Smallpox And a Potter Killed Himself.

Trenton, May 2.—Despondent because his beauty was spoiled by smallpox, John Fitzpatrick, a potter, committed suicide last night by taking arsenic. He had been very vain about his good looks.

ALL PLASTERERS HAVE QUIT WORK

Men Object to Eight Hours at \$3.50 Instead of Nipe at \$4.00.

A DEAL IS ALLEGED

In Which the Workmen Say They Got the Worst End—Fruitless Conference Held on the Matter Last Night. Another Meeting Tomorrow.

No settlement has been reached in the difference which arose yesterday between the journeymen plasterers and Contractor Hugh Johnston. As a result all workmen in this line in the city are idle, claiming they have no right to work while the dispute lasts.

Contractor Johnston informed his men yesterday that in the future they would work eight hours at a rate of \$3.50 per day, instead of \$4 and nine hours. The men hesitated as to what course to pursue, but after working until noon decided to quit. They insist that the move is a positive reduction and they will not stand it.

The men also assert that all the contractors in the city are in the deal, but none except Johnston have allowed the fact to become known.

A conference was held last night, but no conclusion was arrived at. A meeting of the men has been called for tomorrow at 11 o'clock. It is thought at that time some definite policy will be adopted to be followed out by the journeymen.

LIBRARY OPENING

MEETING TONIGHT TO FURTHER ARRANGE FOR IT.

Date Conflicts With That of Big Entertainment, But Can't Be Changed.

The Carnegie library board will hold a meeting this evening to consider and make additional arrangements for the dedication exercises and grand opening to be held next Thursday afternoon and evening. The members are somewhat vexed over the selecting the above date, as on the same evening "The Scottish Reformation," the casts of which are made up of home talent, will be given in the opera house and many would be glad to attend both entertainment and the library opening. It is now too late for a change and preparations are going forward for the opening.

Miss Gertrude Baker, the librarian, is arranging the stock room in an excellent manner, and states that she will have at least 5,500 books for inspection at the opening.

Nothing will be left undone by either the board or Miss Baker to make the occasion one long to be remembered.

A SECOND TRACK

To Be Built By the C. & P. From Bellaire to Wellsville.

The Pennsylvania company, it is stated, has decided to double track its

THE BROOKMAN INDICTMENT FAILS TO STAND THE TEST

C. & P. river division from Bellaire to Wellsville on account of the tremendous freight business. The work is to be done the coming summer and it is stated on good authority that T. J. Stringer, the Portland contractor, who has done so much railroad work in this vicinity, has been given the contract for the additional track from Gaylord north of Martin's Ferry, to Brilliant, a distance of nearly 15 miles.

It is also stated that Mr. Stringer is expected to begin his work very soon. He has the reputation of being one of the best railroad builders in this section. The single track railroad between Bellaire and Steubenville cannot begin to do the work of the division, and it is absolutely necessary to get a second track.

SUMMER PLEASURE

PLENTY OF IT PLANNED FOR Y. M. C. A. MEMBERS.

Athletic, Swimming and Camping Excursions—The New Ball Park.

Great preparations are being made by Secretary Wright and Physical Director Stephens, of the Y. M. C. A., for the amusement of the members of the association during the coming summer.

Numerous camping parties, fishing excursions and the playing of outdoor games will be among the pleasures offered. The athletic park, to be located near the mill in Chester, on land owned by the company, will be the means of affording much pleasure.

Although Manager William Banfield has not granted the use of the land to the association, Mr. Wright feels confident that he will do so this week, and in consequence is making preparations for the proper equipment of the park.

The park will be arranged to accommodate lovers of baseball and basket ball and all other outdoor sports. To thus arrange the park considerable grading will be necessary, and it is expected that work will be commenced on it next week.

Complete arrangements will be made in a few days for the camping expeditions. The juniors will likely spend their summer outing at Ferncliff, a beautiful country resort eight miles north of the city.

While no definite plan has been decided upon for the seniors, they are talking strongly of camping on the river. For the benefit of the boys who have not yet learned to swim, Director Stephens has announced that he will conduct a swimming school, but he has not decided when he will give the boys their practice. The parents of the boys, he states, may object to the river, owing to its lurking danger, but he will propose that life lines will be stretched and thinks that the majority of parents will give consent their boys practicing there.

SUCCESSFUL MEETING

Held By Women's Home Missionary Society—East Liverpool Ladies Took Part.

The Home Missionary society of the Steubenville district of the M. E. church held its conference at Mingo Junction on April 30 and May 1. Miss Wallace, the deaconess, was the representative from this city. She gave a report of her work during her sojourn in East Liverpool. Miss Agnes Jones, also of this city, was present, and at yesterday's session rendered a most pleasing vocal selection.

Interesting programs had been arranged for both days, and the convention adjourned after a very successful session.

ALUMNI ASSOCIATION

High School Graduates Meet and Determine to Organize One.

The graduates of the East Liverpool high school met in the Central school building last evening for the purpose of organizing an alumni association. After the question had been discussed pro and con a motion to organize a permanent alumni association was carried.

It was decided to hold a similar meeting on Monday, May 12, when officers will be elected and further plans effected.

Granted a Divorce.

Lisbon, May 2.—(Special)—Thomas H. Brawdy was granted a divorce from Edna M. Brawdy yesterday. She was charged with unfaithfulness.

Judge Hole Sustains the Demurrer to the True Bill Returned.

THE RIGHT TO EMPLOY

Or to Discharge Men, Rest Wholly With Employers, He Holds.

THE STATUTE IS NOT VALID

And Its Unconstitutionality Is Apparent in the Opinion of the Court. Former Decisions in Other Courts Are Cited.

Lisbon, May 2.—(Special)—The decision of Judge Hole in the case of D. Spencer Brookman, manager of the Wellsville mill, who was indicted for unlawful coercion, has been handed down.

The demurrer to the indictment is sustained and the statute under which the indictment was found pronounced unconstitutional, null and void. Brookman, it will be remembered, was charged with discharging a man named Shaffer because the latter refused to give up his union card.

The case was argued some time ago and briefs were afterward submitted by the counsel. The judge says the chief, if not the only question raised by the demurrer is the constitutionality of the law under which Brookman was indicted. The decision of Judge Hole is that the statute is not valid. In other words, an employer has a perfect right to discharge or employ any man at his own pleasure.

Judge Pugsley, of Toledo, declared this statute unconstitutional, and Judge Saylor, of Cincinnati, held that it was valid. The supreme courts of Illinois and Missouri have declared similar statutes unconstitutional.

The cause of this trouble arose in November last, when Mr. Brookman requested Leonard Shaffer, a union laborer, to leave his card in the office. Upon his refusal he was at once discharged.

HOSPITAL PLANS

To Raise Money a Supper Will Be Held Soon—Park Entertainment Planned.

The hospital association at a meeting last evening, decided as a means for raising money, to give a supper the latter part of the month. A meeting will be held next Tuesday evening to further consider the question and to arrange for the supper and the date.

Manager Maxwell, of Rock Springs park, tendered the association the use of the park on Aug. 9. The offer was thankfully accepted, and plans will be made to utilize the park in a way to increase the funds of the association.

Half Fare to Alliance.

Lisbon, May 2.—(Special)—A message was received here this morning from Washington by Republican County Chairman John S. McNutt, stating that the C. & P. and Ft. Wayne railroads have given a rate of one fare for the round trip for delegates to the congressional convention at Alliance May 6.

National Club Dance.

The National club, of East Liverpool, will give a dance this evening at Rock Springs park. Nowling's orchestra will furnish the music. This will be the first dance held by any club this season.

The Chief's Fast Horse—Chief Thompson is the proud owner of one of the finest young pacing horses in the county and also an elegant new runabout. He is jubilant over his purchase. The horse, he says, is marked in the 2:23 class, but can make a mile in 2:18. The chief will most assuredly have his troubles this summer in eluding the entreaties of the fair sex.

A Valuable Raft—The small tow boat F. K. Hullings, owned by Harry Neal, near Cook's Ferry, passed down the Ohio river yesterday pulling a raft of logs, which local rivermen claim to have been worth in the neighborhood of \$25,000. The was backing down the stream, going to Cincinnati.

PLEASANT HEIGHTS PEOPLE HAVE THEIR WAR PAINT ON

**Propose to Have Street Railway
Company's Scalp Un-
less Needed.**

CONDITIONS OF FRANCHISE

**Repeatedly Violated and Property
Owners Clamor For Their
Rights.**

THEY ENGAGE AN ATTORNEY

**And Propose to Have the Line Con-
structed According to Agreement
or Have the Whole System Tied
Up By Legal Action.**

The management of the East Liver-
pool Street railway has scarcely sur-
mounted one difficulty in the way of
smooth sailing for the corporation
until another and more formidable ob-
stacle confronts the company.

A largely attended and very en-
thusiastic meeting of the residents of
Pleasant Heights and vicinity was
held at the residence of George W.
Ashbaugh last night. The action
there taken will leave no doubt in the
mind of the street railway authorities
that the citizens of Lisbon, Pleasant
and other streets to be transversed by
the Pleasant Heights extension, mean
business this time and no mistake.

Mr. Ashbaugh was made chairman
of the meeting, and a secretary was
selected. The assembled property
holders were then ready for business,
and the better posted ones present
proceeded to enlighten the others as
to the true status of affairs.

A copy of the original franchise was
produced and dissected point by point.
It was stated that the old franchise
granted to the company when it was
owned and operated by A. Johnson
and others was for a period of some-
thing like 18 years. Along in 1899,
under the present ownership, it was
apparent to both the council and man-
agement that extensions were neces-
sary in several suburban districts. At
that time the company asked for an
extension of the franchise to 25 years,
and in consideration of the company
agreeing to build extensions in East
End, Calcutta road and Lisbon street,
the council complied with the request.

The original main bill and all the
extensions were included in one fran-
chise in the shape of an ordinance,
and the extensions were to be com-
pleted within a period of one year
from the passage of the ordinance—
Oct. 10, 1899. At the expiration of
that time, in case the lines were not
finished, the ordinance provided that
the franchise should be null and void.
Other extensions have been made, but
nothing has been done upon the con-
struction of the line in question.

From time to time since the fran-
chise was violated, the matter has
been brought to the attention of the
council. Upon each of these occa-
sions the action of the body was unan-
imous as to the necessity for building
the line, some of the members going
so far as to denounce the attitude of
the company in spread-eagle speeches.
The desire for the company's scalp
apparently left these members at the
door of the council chamber, however,
for nothing has come of the many mo-
tions and demands. Last November
the street railway management was
given 15 days in which to begin the
work. At the end of that time an
extension to the first of the year was
asked, and granted. The company
stated it wanted to renew an old con-
tract with the Pleasant Heights Land
company. It had been learned by
several parties who were present at
the meeting last night that this agree-
ment provided for a donation of \$5,000
from the land company, provided the
line was constructed within a year
from the passage of the ordinance.
This was not done. The agreement
was renewed on the same basis for
the second year. When the company
again failed to fulfill its part of the
contract, the land company washed its
hands of the whole affair.

The question was raised as to
whether this agreement or contract
would have any bearing upon the mat-
ter as it now stands, and it was decid-
ed that it would not. The citizens
state the matter is entirely in the
hands of the city and the railway peo-
ple. The franchise was solicited and
granted. The time has expired, and
the violation of a city ordinance is as

plain as the arrest of the thief caught
red-handed.

The chairman reported that he had
consulted Mayor Davidson, and that
the official had given him an absolute
promise that just so soon as he was
convinced of the legality of his cause
he would lose no time in enforcing the
ordinance.

The decision was reached to pro-
ceed in a legal manner to secure what
had been determined upon, and in or-
der to be absolutely certain on this
point, a committee of three was ap-
pointed to retain Attorney W. H.
Vodrey with whatever assistance may
be necessary. Every atom of data
will be placed in the hands of the at-
torneys, and when the investigation
has been completed the citizens will
be in position to proceed with assur-
ance. There can be put one result,
say the property owners interested—
either the line will be constructed ac-
cording to the franchise, or the entire
system will be tied up.

Attorney Vodrey and his associates
will be given time for all the inquiry
necessary and another meeting of the
citizens will be held next week.

WEDDING ANNIVERSARY

**DELIGHTFULLY CELEBRATED BY
MR. AND MRS. J. H. BROWN.**

**Twenty Years Married, They Agree-
ably Entertain About
200 Friends.**

Mr. and Mrs. J. H. Brown, of Mar-
ket street, celebrated their twentieth
wedding anniversary last evening by
pleasantly entertaining about 200 of
their friends and relatives in the
Knights of Columbus hall.

The rooms were beautifully de-
corated in pink, green and white. Music,
dancing and games of various kinds
served to engage the thoughts of the
guests. While progressive euchre was
being played by a number, dancing to
the music of the Sirius Mandolin club
was engaged in by the younger set.
Pinning the tail on the donkey was
much enjoyed by those participating
in the game and the prizes awarded
for both this and the progressive eu-
chre were very pretty and appropriate.
Late in the evening a delightful col-
lation was served and in this, as well
as the decorations the color scheme
was well carried out.

Mr. and Mrs. Brown were the re-
cipients of a large number of very
beautiful presents, together with the
congratulations of a host of friends.

Among the out-of-town guests were:
Mr. and Mrs. Edward Feist, Mrs. P.
W. Feist and daughter, Lillian, Misses
Minnie Floto, Ella Purcell and Kate
Katie Fishinger, Mrs. Miller, Mrs. Rose
Campbell, all of Steubenville.

BASEBALL CRAZY

**New Cumberland Claims a Strong
Nine, Including East Liver-
pool Talent.**

New Cumberland is going baseball
crazy over the prospects of the team
for the coming season. The team, it
is said, will be the strongest aggrega-
tion that ever represented the town on
the diamond. The new uniforms will
arrive in a few days, the grounds are
being put in good shape, and the sea-
son will be opened May 17.

George Westlake, who has the repu-
tation of being one of the speediest
infielders outside the big league, hav-
ing played in almost every other
league in the country, will be found
in the lineup, along with Shorty
O'Brine, who helped Warren win the
pennant in the Iron and Oil league in
1895, and who was pronounced by Jack
Menefee the best pitcher in that
league. Finch, Ashbaugh, Godwin and
Welsh, of last year's champion East
Liverpool team, are said to have been
signed: to say nothing of Jenkins,
Huff, Householder and Brandon, of
former clubs. Games are wanted with
all strong amateur and semi-profes-
sional teams. W. H. Huff is secre-
tary.

Cars Ran Away.

Three empty freight cars that were
being switched on the Horn switch
ran away about 11 o'clock this morn-
ing and went down the hill at a fright-
ful speed, and finally crashed into sev-
eral cars standing near the old glass
factory. Only cars were damaged.

No Reduction in Meat.

Nothing of moment was done by the
local butchers at the meeting of the
association held last evening and no
action taken for a decrease in the
prices of meat.

JOHN W. GATES, THE FAMOUS WALL STREET PLUNGER.

A few years ago Gates was a hardware dealer in an Illinois town; now he is one of the
leading figures in Wall street, heading what is termed "The Western Crowd." He has
many millions and no end of nerve.

DEPUTY ALLISON AGAIN INDICTED

**Three True Bills Against Him
Found by the Special
Grand Jury.**

BLACKMAILING IS CHARGED

**Also Attempting to Oppress—He is
Jointly Indicted With Baker—East
Liverpool Man Found Guilty of
Non-Support.**

Lisbon, May 2.—(Special)—The
special grand jury which convened
yesterday to investigate the case of
Deputy Sheriff Lawrence Allison re-
ported late in the afternoon. Three
indictments were found against Allis-
on, namely blackmailing and attempt-
ing to oppress, also jointly indicting
him with Oscar L. Baker.

Allison was released on a bond of
\$400 signed by C. C. Hasbrouck, of
Lisbon, and Wm. E. Morrow, of East
Liverpool.

The panel was made up from by-
standers and their names are as fol-
lows: Perry McCaskey, A. J. Tice,
Henry Burnett, C. W. Shawke, J. B.
Frew, J. A. Smith, M. P. Nace, S. M.
Riddle, W. D. Bristol, William Morron,
William Meyers, E. E. Pace, Daniel
Jackson, Ellis Brunick and W. C. Tay-
lor.

Daniel Wilson, of East Liverpool,
was indicted by the special grand jury
yesterday afternoon for non-support of
a minor child. He was arraigned and
pleaded guilty and was sentenced to
three months in the workhouse at
Canton; also to remain there until
costs were paid.

William McDevitt, of Wellsville,
who was indicted a charge of assault-
ing a 12-year-old girl, was found guilty
and sentenced to three months in the
workhouse.

The suit of John Q. Adams against
Lile I. Sharp, of Lisbon, was tried in
common pleas court yesterday after-
noon. A verdict of \$59.89 for the
plaintiff was returned. Adams sued to
recover \$55 and interest on a note
given for a vehicle. The defendant
claims the vehicle was not made whol-
ly of new material.

The following jurymen have been
drawn to fill the panel for next week:
W. R. Baker, East Fairfield; Geo. A.
Imbrie, Wellsville; W. M. Koch, East
Palestine; J. C. Richardson, Clarkson;
John C. Rayl, Wellsville; E. D. Moore,
East Liverpool; Charles Peters, Lis-
bon; Edwin H. Riggs, Wellsville; Cas-
sius Campbell; John C. Catlett,
Wellsville.

VAIN OF HIS LOOKS

**But They Were Destroyed By Small-
pox And a Potter Killed
Himself.**

Trenton, May 2.—Despondent be-
cause his beauty was spoiled by
smallpox, John Fitzpatrick, a potter,
committed suicide last night by taking
arsenic. He had been very vain about
his good looks.

ALL PLASTERERS HAVE QUIT WORK

**Men Object to Eight Hours at
\$3.50 Instead of Nipe
at \$4.00.**

A DEAL IS ALLEGED

**In Which the Workmen Say They Got
the Worst End—Fruitless Confer-
ence Held on the Matter Last Night.
Another Meeting Tomorrow.**

No settlement has been reached in
the difference which arose yesterday
between the journeymen plasterers
and Contractor Hugh Johnston. As a
result all workmen in this line in the
city are idle, claiming they have no
right to work while the dispute lasts.

Contractor Johnston informed his
men yesterday that in the future they
would work eight hours at a rate of
\$3.50 per day, instead of \$4 and nine
hours. The men hesitated as to what
course to pursue, but after working
until noon decided to quit. They in-
sist that the move is a positive re-
duction and they will not stand it.

The men also assert that all the
contractors in the city are in the deal,
but none except Johnston have allowed
the fact to become known.

A conference was held last night,
but no conclusion was arrived at. A
meeting of the men has been called for
tomorrow at 11 o'clock. It is thought
at that time some definite policy will
be adopted to be followed out by the
journeymen.

LIBRARY OPENING

**MEETING TONIGHT TO FURTHER
ARRANGE FOR IT.**

**Date Conflicts With That of Big En-
tertainment, But Can't Be
Changed.**

The Carnegie library board will hold
a meeting this evening to consider
and make additional arrangements for
the dedication exercises and grand
opening to be held next Thursday af-
ternoon and evening. The members
are somewhat vexed over the select-
ing the above date, as on the same
evening "The Scottish Reformation,"
the casts of which are made up of
home talent, will be given in the op-
era house and many would be glad to
attend both entertainment and the li-
brary opening. It is now too late for
a change and preparations are going
forward for the opening.

Miss Gertrude Baker, the librarian,
is arranging the stock room in an ex-
cellent manner, and states that she
will have at least 5,000 books for in-
spection at the opening.

Nothing will be left undone by ei-
ther the board or Miss Baker to make
the occasion one long to be remem-
bered.

A SECOND TRACK

**To Be Built By the C. & P. From
Bellaire to Wells-
ville.**

The Pennsylvania company, it is
stated, has decided to double track its

THE BROOKMAN INDICTMENT FAILS TO STAND THE TEST

C. & P. river division from Bellaire to
Wellsville on account of the tremen-
dous freight business. The work is
to be done the coming summer and it
is stated on good authority that T. J.
Stringer, the Portland contractor, who
has done so much railroad work in this
vicinity, has been given the contract
for the additional track from Gaylord
north of Martin's Ferry, to Brilliant,
a distance of nearly 15 miles.

It is also stated that Mr. Stringer is
expected to begin his work very soon.
He has the reputation of being one of
the best railroad builders in this sec-
tion. The single track railroad
between Bellaire and Steubenville can-
not begin to do the work of the divi-
sion, and it is absolutely necessary to
get a second track.

SUMMER PLEASURE

**PLENTY OF IT PLANNED FOR Y. M.
C. A. MEMBERS.**

**Athletic, Swimming and Camping Ex-
cursions—The New
Ball Park.**

Great preparations are being made
by Secretary Wright and Physical Di-
rector Stephens, of the Y. M. C. A.,
for the amusement of the members of
the association during the coming
summer.

Numerous camping parties, fishing
excursions and the playing of outdoor
games will be among the pleasures
offered. The athletic park, to be lo-
cated near the mill in Chester, on land
owned by the company, will be the
means of affording much pleasure.

Although Manager William Banfield
has not granted the use of the land to
the association, Mr. Wright feels con-
fident that he will do so this week,
and in consequence is making prepara-
tions for the proper equipment of the
park.

The park will be arranged to accom-
modate lovers of baseball and basket
ball and all other outdoor sports. To
thus arrange the park considerable
grading will be necessary, and it is ex-
pected that work will be commenced
on it next week.

Complete arrangements will be made
in a few days for the camping expe-
ditions. The juniors will likely spend
their summer outing at Ferncliff, a
beautiful country resort eight miles
north of the city.

While no definite plan has been de-
cided upon for the seniors, they are
talking strongly of camping on the
river. For the benefit of the boys who
have not yet learned to swim, Director
Stephens has announced that he will
conduct a swimming school, but he has
not decided when he will give the boys
their practice. The parents of the
boys, he states, may object to the river,
owing to its lurking danger, but he will
propose that life lines will be stretch-
ed and thinks that the majority of par-
ents will give consent their boys prac-
ticing there.

SUCCESSFUL MEETING

**Held By Women's Home Missionary
Society—East Liverpool
Ladies Took Part.**

The Home Missionary society of
the Steubenville district of the M. E.
church held its conference at Mingo
 Junction on April 30 and May 1. Miss
Wallace, the deaconess, was the rep-
resentative from this city. She gave a
report of her work during her sojourn
in East Liverpool. Miss Agnes Jones,
also of this city, was present, and at
yesterday's session rendered a most
pleasing vocal selection.

Interesting programs had been ar-
ranged for both days, and the conven-
tion adjourned after a very successful
session.

ALUMNI ASSOCIATION

**High School Graduates Meet and De-
termine to Orga-
nize One.**

The graduates of the East Liverpool
high school met in the Central school
building last evening for the purpose
of organizing an alumni association.
After the question had been discussed
pro and con a motion to organize a
permanent alumni association was car-
ried.

It was decided to hold a similar
meeting on Monday, May 12, when
officers will be elected and further
plans effected.

Granted a Divorce.

Lisbon, May 2.—(Special)—Thom-
as H. Brawdy was granted a divorce
from Edna M. Brawdy yesterday. She
was charged with unfaithfulness.

**Judge Hole Sustains the Demur-
rer to the True Bill
Returned.**

THE RIGHT TO EMPLOY

**Or to Discharge Men, Rest Wholly
With Employers, He
Holds.**

THE STATUTE IS NOT VALID

**And Its Unconstitutionality Is Appar-
ent in the Opinion of the Court.
Former Decisions in Other Courts
Are Cited.**

Lisbon, May 2.—(Special)—The de-
cision of Judge Hole in the case of D.
Spencer Brookman, manager of the
Wellsville mill, who was indicted for
unlawful coercion, has been handed
down.

The demurrer to the indictment is
sustained and the statute under which
the indictment was found pronounced
unconstitutional, null and void.
Brookman, it will be remembered,
was charged with discharging a man
named Shaffer because the latter re-
fused to give up his union card.

The case was argued some time ago
and briefs were afterward submitted
by the counsel. The judge says the
chief, if not the only question raised
by the demurrer is the constitutional-
ity of the law under which Brookman
was indicted. The decision of Judge
Hole is that the statute is not valid.
In other words, an employer has a per-
fect right to discharge or employ
any man at his own pleasure.

Judge Pugsley, of Toledo, declared
this statute unconstitutional, and
Judge Saylor, of Cincinnati, held that
it was valid. The supreme courts of
Illinois and Missouri have declared
similar statutes unconstitutional.

The cause of this trouble arose in
November last, when Mr. Brookman
requested Leonard Shaffer, a union la-
borer, to leave his card in the office.
Upon his refusal he was at once dis-
charged.

HOSPITAL PLANS

**To Raise Money a Supper Will Be
Held Soon—Park Enter-
tainment Planned.**

The hospital association at a meeting
last evening, decided as a means for
raising money, to give a supper the
latter part of the month. A meeting
will be held next Tuesday evening to
further consider the question and to
arrange for the supper and the date.

Manager Maxwell, of Rock Springs
park, tendered the association the use
of the park on Aug. 9. The offer was
thankfully accepted, and plans will be
made to utilize the park in a way to
increase the funds of the association.

Half Fare to Alliance.

Lisbon, May 2.—(Special)—A mes-
sage was received here this morning
from Washington by Republican
County Chairman John S. McNutt,
stating that the C. & P. and Ft. Wayne
railroads have given a rate of one
fare for the round trip for delegates
to the congressional convention at Al-
liance May 6.

National Club Dance.

The National club, of East Liver-
pool, will give a dance this evening at
Rock Springs park. Nowling's orches-
tra will furnish the music. This will
be the first dance held by any club
this season.

The Chief's Fast Horse—Chief
Thompson is the proud owner of one
of the finest young pacing horses in
the county and also an elegant new
runabout. He is jubilant over his
purchase. The horse, he says, is
marked in the 2:23 class, but can
make a mile in 2:18. The chief will
most assuredly have his troubles this
summer in eluding the entreaties of
the fair sex.

A Valuable Raft—The small tow
boat F. K. Hulings, owned by Harry
Neal, near Cook's Ferry, passed down
the Ohio river yesterday pulling a
raft of logs, which local rivermen
claim to have been worth in the nei-
ghorhood of \$25,000. The was backing
down the stream, going to Cincin-
nati.

EAST END

GOLDENROD'S VOYAGE

Vessel That Looks After Government Lights Tarried a While Here.

The United States packet Goldenrod, which passed up the Ohio Tuesday has started south on its return trip, and last evening the boat lay at the foot of Babb's island until an early hour this morning when it started for the southern rivers. It is the duty of this boat to look after all the beacon lights along the river, which are for the guidance of pilots.

These lights and built and kept by the government which hires people living near the lights to see that they are lit every night of the year. Their salaries range from \$5 to \$16 a month, according to the accessibility of the light. Twice a year the lighthouse tender, Goldenrod, supplies the keepers with oil and all necessities. There are 533 lights in this district, and they cost the government about \$125 a year to maintain each of them. This is the Fourteenth district, and embraces the Ohio from Pittsburg to Cairo, and the Kanawha and Tennessee rivers.

The district has an annual appropriation amounting to about \$68,000, which pays the cost of running the boat and keeping all lights. The Goldenrod, like all of Uncle Sam's boats, is the best to be had; she has a steel hull, powerful engines and a home-like cabin.

FINE HOUSE SOLD

Arthur Mountford Purchases the Robert L. Andrews' Residence

Robert L. Andrews, of Cleveland, formerly of the East End, on Wednesday sold to Arthur Mountford his large residence property on Ohio avenue. This is one of the best residences in the East End district, and it has a large frontage on Ohio avenue. It is said the consideration was in the neighborhood of \$5,000.

Mr. Mountford is the art designer of the Laughlin China Company, and has been living in this residence since he came to this city from Trenton several years ago.

SMITH'S FERRY LINE

Survey Being Made for It By the East Liverpool Railway Company.

A number of surveyors this morning commenced to survey a route for an extension of the East Liverpool Railway Company, from the state line to the upper end of Smith's Ferry. This work is being done by local surveyors, and it is expected to be completed within three weeks.

It cannot be learned at the office of the company when work on this extension will be completed from the state line although a number of men are now working completing the extension from the East End to the former point.

TAXES TOO HIGH

For This Reason New Sewer Pipe Works Will Not Come to This City.

Announcement was made in the East End this morning that, owing to the high taxes in this county, the new sewer pipe works which is being promoted by eastern capitalists and other persons of this city, the plant would not be built in this section.

The idea of building the new works has not been dropped. All the money needed for the venture has been obtained, and the only matter that is now in question is that of an available site.

Coming Back from the Army.

William Rider and William Cochran, who have been in the army in the Philippines, are expected to return to the East End by May 15. The men are residents of the East End and have been absent almost three years. It is said the boys are now at New York, but have not been discharged.

Council Will Move.

At a meeting of the Ohio Valley Council, O. U. A. M., held last evening, it was decided to vacate the present hall on Mulberry street and meet hereafter in Larkins & Ferguson's hall. Last evening one candidate was initiated.

EAST END AFFAIRS.

L. W. Carman has returned from a business trip to Pittsburg.

Mortorman Boyce, who has been ill with typhoid fever for several weeks, is able to be out.

Mrs. R. C. Howard and mother, Mrs. Fields, returned yesterday from the vicinity of Jamestown, N. Y.

Because his front yard was so steep John Grant was compelled to procure a step-ladder yesterday to lay a number of sod.

Thomas Jones, who had several fingers of his right hand cut off while at work at the Chester mill several weeks ago, will resume his work tomorrow.

Word has been received by the members of the Second U. P. church that both the morning and evening services at the Second U. P. church next Sunday will be conducted by Rev. Morris Watson, of Bellaire.

There was a fight on Mulberry street last evening between two prominent young men, and although it is said the new officer was walking along another part of the street, no arrests were made. The matter is now being investigated by the police.

Rev. J. A. Platts Remembered.

After the prayer meeting service at the Mingo Presbyterian church Wednesday evening a farewell was tendered Rev. J. A. Platts and wife. W. A. Tappe, in a neat speech, presented Rev. Mr. Platts with a purse of money. On behalf of the Y. M. C. A. boys L. W. McElroy presented Rev. Mr. Platts with a K. of P. charm.

SHAFFER RE-ELECTED

Other Officers Also Re-Chosen,
at the Amalgamated
Convention.

PRESIDENT'S SALARY INCREASED

Same Favor to Secretary, Editor of
The Journal and Assistant Secre-
tary—Hogan Succeeds Ridd, as One
of the Trustees.

Wheeling, W. Va., May 2.—All that remained to be done by the Amalgamated association last night was the election of vice president, the appointment of the conference committee and the selection of the next convention city. The election, which resulted in a decisive victory for all the present officers, was the principal business yesterday. As forecasted by the Associated Press, the opposition to President Shaffer centered their hopes in Thomas Williams, of Zanesville, O. who was the only opposing candidate. The name of Assistant Secretary M. F. Tighe was not presented. Shaffer was triumphantly elected, receiving 148 votes to Williams' 56. When the result was announced the executive received a great ovation. It is his fourth term.

Secretary John Williams and Editor Ben I. Davis, of the Amalgamated Journal, were re-elected to their respective positions without opposition. The most interesting contest was that over the position of M. F. Tighe. Taking advantage of some feeling that had been stirred up against Mr. Tighe on account of the prominence he had been given as a possible candidate against President Shaffer, the names of two men were placed in nomination, Ben Jones, of Carnegie, Pa., and Harry Griffiths, of Elwood City, Pa. Tighe was re-elected by a handsome majority as follows: Tighe, 117; Griffiths, 49; Jones, 34.

Nearly a dozen candidates were put up for trustees. Two ballots were necessary, resulting in the re-election of John E. Taylor and Elias Jenkins. The third trustee is John G. Hagan, of Piqua, O., who succeeds John Ridd. The best feeling seemed to prevail among the delegates, and the anti-Shaffer crowd were just as warm in their congratulations of President Shaffer as were his most radical adherents.

The report of the committee on good of the order contained many important suggestions, which created much discussion. One of the most interesting items of business transacted was the increase in salaries of 20 per cent given the president, secretary, editor of The Journal and assistant secretary.

Secretary Moody Took Oath.

Washington, May 2.—Congressman William Henry Moody, of Massachusetts, took the oath of office as secretary of the navy at 9:35 o'clock yesterday. The oath was administered by E. P. Hanna, solicitor of the navy department. Those present were John D. Long, Representatives Roberts, McCall, Lawrence and Green, of Massachusetts, and Assistant Secre-

BEYOND A DOUBT

Good Hard Facts Told in
as Few Words as
Possible.

Mrs. George Hall, of No. 389 West Market street, East Liverpool, Ohio, says: "I was bilious. My head ached hard and constantly. There was a general feeling of weakness and depression. I was asked to try Dr. A. W. Chase's Nerve Pills, and did so, getting them at Larkins' drug store. The result was very good indeed, as the biliousness was overcome, the headaches cured and bodily and nerve strength furnished. Dr. A. W. Chase's Ointment I can vouch for in burns as a fine application."

Dr. A. W. Chase's Nerve Pills are sold at 50 cents a box at dealers or Dr. A. W. Chase Medicine company, Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

tary of the Navy Darling, former Assistant Secretary Hackett, Cyrus Wells, private secretary, and Frederick W. Fishback, Mr. Moody's confidential clerk. The former secretary, Mr. Long, was the first to congratulate Secretary Moody. The ceremony was followed by a reception to the bureau chiefs and assistants in the department who came to meet the new secretary.

WEST. MD. ORDINANCE HELD UP

Report That Gould People Would Get
Philadelphia Terminal to Be
Investigated.

Baltimore, May 2.—Final action on the ordinance providing for a sale of the city's interest in the Western Maryland railroad to the Fuller syndicate was deferred until Monday night by a vote of 5 to 4 in the second branch of the city council last night. This action was taken for the purpose of investigating a published report that the Wabash railroad was seeking a Philadelphia terminal through a traffic arrangement with the Philadelphia and Reading railroad, and that "a strong Gould representation would be found in the Reading's directorate in the near future."

George J. Gould, President Ramsey, of the Wabash railroad, and other directors in that road are members of the Fuller syndicate. The Fuller sale ordinance contains a provision that the Western Maryland railroad shall not be sold to any railroad controlling, owning or operating any line terminating in the city of Philadelphia. The Reading railroad is one of the bidders for the Western Maryland stock, but the foregoing provision would have to be amended before its bid could be accepted.

SULLIVAN A BAD MAN.

Other Two Crafton Burglar Suspects
May Be Released.

Pittsburg, May 2.—In the capture of Joseph Sullivan in connection with the Crafton burglary, the police are convinced that they have secured a dangerous criminal. At noon yesterday Detective William Elmore announced positively that the man was John Sherman, a thief, whose home is in Buffalo, N. Y.

There is little likelihood that the other men arrested will be kept in jail. They will likely be released at a hearing to be held in the jail today by Justice C. F. Engle, of McKees Rocks. The men tell straight stories and there is a likelihood that their stories will be confirmed by today.

Alonso Black and Edward Lawson both claim to be bottle blowers, lately employed in the Wilcox Glass company's plant at Labelle, Ind. They say they worked up until last Saturday and their union cards bear out their statement. They started out then to go to Tarentum, this state, got as far as Youngstown, and there jumped a train. When confirmatory letters arrive from Indiana the young men will be released.

U. S. OFFICERS TO BE RELEASED.

Understood King Will Remit Imprisonment—Must Pay Damages.

Rome, May 2.—United States Ambassador Meyer conferred yesterday morning with Signor Prinetti, the foreign minister, and it was arranged that the American naval officers imprisoned at Venice should be released yesterday or today, conditioned upon the payment of civil damages amounting to \$2,000.

It is understood that King Victor Emmanuel will exercise his prerogative to remit the imprisonment, so that after a caution they may leave Venice today aboard the cruiser Chicago.

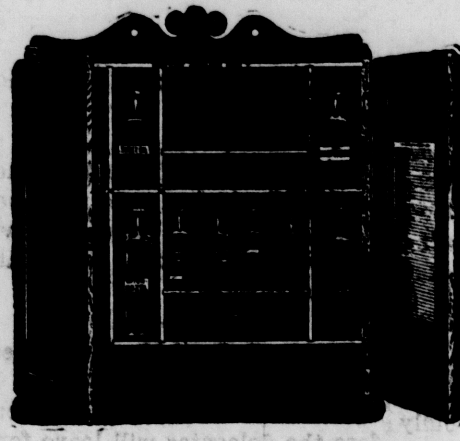

It is expected that Admiral Crowninshield will soon arrive in the Mediterranean and order a court martial of the United States naval officers. The American consul at Venice is busy arranging to settle the indemnities the officers must pay to the injured persons in order that they may withdraw their case, thus facilitating the task of the Italian government in releasing the officers.

WANT AGUINALDO AS WITNESS.

Carmack Criticized Senate Committee
For Refusing to Call Him.

Washington, May 2.—Aguinaldo was the special subject of discussion in the senate yesterday. As soon as the Philippine government bill was taken up Mr. Carmack, of Tennessee, resumed his criticism of the Philippine committee for its refusal to call Aguinaldo and other Filipino witnesses. He maintained that as re-

nections by witnesses had been cast on the character of Aguinaldo he ought to be permitted "in all decency" to defend himself.

Mr. Carmack's contention was sharply combated by Mr. Foraker, of Ohio; Mr. McComas, of Maryland; and Mr. Burton, of Kansas.

Mr. Culberson, of Texas, in support of a statement by Mr. Carmack that the war department suppressed information and falsified the Philippine situation, presented a letter from the secretary of war, which, he thought was proof of the Tennessee senator's assertion. The secretary stated in the letter that it was not practicable to supply the information requested because no special account was kept of Philippine war expenses, and it would require the service of a large force of clerks to work out the information desired.

Both the Rosebud reservation bill and the sundry civil appropriation bill received consideration, but not final action.

Heavy Decrease In Beef Consumption.

Chicago, May 2.—That the consumption of beef has fallen off 37½ per cent since the agitation against the packers began was admitted by leading packers yesterday. Prices held steady during the forenoon, chiefly, it was said, because some export orders were being filled.

nections by witnesses had been cast on the character of Aguinaldo he ought to be permitted "in all decency" to defend himself.

Mr. Carmack's contention was sharply combated by Mr. Foraker, of Ohio; Mr. McComas, of Maryland, and Mr. Burton, of Kansas.

Mr. Culberson, of Texas, in support of a statement by Mr. Carmack that the war department suppressed information and falsified the Philippine situation, presented a letter from the secretary of war, which, he thought was proof of the Tennessee senator's assertion. The secretary stated in the letter that it was not practicable to supply the information requested because no special account was kept of Philippine war expenses, and it would require the service of a large force of clerks to work out the information desired.

Both the Rosebud reservation bill and the sundry civil appropriation bill received consideration, but not final action.

Heavy Decrease In Beef Consumption.

Chicago, May 2.—That the consumption of beef has fallen off 37½ per cent since the agitation against the packers began was admitted by leading packers yesterday. Prices held steady during the forenoon, chiefly, it was said, because some export orders were being filled.

They Never Fail.

NOTICE TO REPUBLICANS

Notice is hereby given to the Republican
electors of the Eighteenth Congressional
District of Ohio that a delegate convention
to place in nomination a candidate for Rep-
resentative in Congress will be held at

Alliance, May 6, 1902,

at 11 o'clock a. m. delegates will be elected
in the several counties composing said dis-
trict on the basis of the Republican vote
cast for President in 1900, viz: 1 delegate
for each 100 votes and fraction thereof in
excess of 50. This apportionment is as
follows:

Columbiana.....108 delegates.
Mahoning.....80
Stark.....122
By order of Congressional Committee.
J. P. FAWCETT, Committee.
C. B. WICK,
ED. A. KING,

Admiral Dewey, in response to a let-
ter from a Sunday school teacher who
had heard that he served liquor to the
men behind the guns on the occasion
of the famous battle in Manila bay,
flatly denies the story. Nothing
stronger than coffee was served dur-
ing the fight, or at that celebrated
Sunday morning breakfast. The Span-
iards tried to win at Santiago on the
strength of rum, and the world knows
the result. The regulations of the
American navy forbid the use of liquor
on board a ship except for medicinal
purposes. Modern naval battles are
won by cool, clearheaded and coura-
geous methods. Life's battles are won
in the same way. Neither Uncle Sam
nor any other sensible man now
thinks of enlisting the aid of whisky
as an ally in his fights.

The attack which the Republican
administration at Washington has or-
dered to be made on the beef trust is
having several sorts of consequences
which were not foreseen at the outset.
It is inciting assaults on that combine
by many states—Illinois, Missouri,
Colorado and others. It has sent the
price of beef down in some quarters,
evidently through fear of the attack
which is about to be made in the
courts. There has come, among the
Democratic politicians and newspaper-
ers, a deep and sudden silence regard-
ing the alleged relations of the Repub-
lican party to the trusts. The exist-
ence of trusts is a fact. Men of all
parties and of no parties are inter-
ested in them. The question of their
regulation should not and cannot be
made a partisan one.

There is one most satisfactory fea-
ture about the increase in meat prices.
The trust people find their profits di-
minishing. Leading packers in Chi-
cago state that the consumption of
beef has fallen off 37½ per cent since
the agitation of the meat question be-
gan. Good enough! When corpora-
tions or individuals begin to show in-
ordinate greed and a disposition to
bleed their customers, it is a comfort
to see them overreach and lose where
they expected to gain.

The man that tells you to "go to
grass" is giving excellent advice. The
grass and leaves and spring flowers
that are springing into life and beauty
these bright May days are the most
attractive objects in nature, and a
visit to the woods and fields at this
season is about the best prescription
that can be given for that tired feel-
ing that occasionally overtakes the
town-dweller.

Gov. Taft says he does not believe
that cruelty and the water cure typify
the American army in the Philippines.
No good American holds any such
view, but that does not change the

fact that the army must be purged
of the charge of barbarity, even in
isolated instances.

J. P. Morgan is said to have re-
ceived \$172,500,000 in stock as com-
pensation for his services in promot-
ing combinations. Some of his friends
say he has not been overpaid, but
Morgan says nothing.

There does not appear to be any
unwonted activity among Democratic
statesmen, Tom Johnson excepted, to
secure the cast-off mantle of Col. Wil-
liam J. Bryan.

The St. Louis world's fair has been
postponed until 1904, and jealous Chi-
cagoans are hoping it will be post-
poned indefinitely.

The prosperity of Porto Rico is
likely to set Cuba to thinking about
securing the benefits of annexation.

The price of beans has advanced
and there is loud lamentation in Bos-
ton.

AT THE THEATER

The merry Black Patti Troubadours
are coming to town. This organiza-
tion has the best credentials of merit
any could possess. Six years of phe-
nomenal success in every section of
the country, playing in the leading
theatres, and entertaining the high
and lowly with the same degree of in-
terest, is the company's record. At
Grand Tuesday night.

"The Girl From Chili" was presented
to a large audience at the Grand last
night, and gave a creditable produc-
tion, the like of which has not been
seen in this city in months. The piece
was replete with specialties, and the
work of the players was appreciated.

"A Homespun Heart" is a compan-
ion play to "Human Hearts," but is
said to excel that popular favorite in
its intensity and realism. It is Hal
Reid's latest and greatest success,
and will be presented at the Grand
Wednesday evening.

The Crystal Slipper Extravaganza
company played to the largest audi-
ence last night and gave one of the
most moral and amusing entertain-
ments that has ever visited our city.
—Winchester Daily News.

SILVER JUBILEE OF SPALDING.

Bishop's Twenty-Fifth Anniversary
Celebrated in St. Mary's Cath-
edral in Peoria.

Peoria, Ills., May 2.—The silver
jubilee of the consecration of the Rt.
Rev. John Lancaster Spalding, bishop
of the diocese of Peoria, was cele-
brated at St. Mary's Cathedral yester-
day morning, that being the
twenty-fifth anniversary of that oc-
casion. The exercises began with a
parade from the Spalding Institute to
the cathedral, the procession being
formed of all the local and visiting
clergy fully vested, and the Catholic
societies of the city in full regalia.
At the cathedral Bishop Spalding cele-
brated solemn pontifical high mass,
and an elaborate musical program
was given by a choir of 100 voices.
The jubilee sermon was preached by
Cardinal Gibbons at 11 o'clock.

Commencing at 12:30 o'clock a ban-
quet was served at the episcopal res-
idence.

Dean Mackin presented Bishop
Spalding with a purse containing
\$7,000 from the clergy of the diocese,
and with another purse containing
\$1,200 from Spalding council, Knights
of Columbus, of Peoria, for the estab-
lishment of a free scholarship in
Spalding Institute for boys to be con-
trolled by the bishop.

The sermon at last evening's exer-
cises was delivered by Archbishop
Ireland.

DEDISTRICTING BILL BEATEN.

Ohio Congressional District Will Not
Be Changed.

Columbus, O., May 2.—The Bunham
redistricting bill was defeated in the
house last evening, and it now as-
sures that no change will be made in
the Ohio congressional district, by this
legislature.

Gentle.
Walter—How would you like to have
your steak, sir?

Frank Customer (who has been wait-
ing twenty minutes)—Very much, in-
deed, thank you, if it isn't too much
trouble.—Exchange.

COMMITTEE, J. M. KELLY, SEC-
RETARY. 100-1

POTTERY NEWS

When the Laughlin China company
started its plant in the East End sev-
eral years ago there was much specu-
lation among the workmen in the old
pottery, No. 1, as to who would
have the distinction of making the
first piece of ware in the new shop.
The same conditions prevail today,
and there is still much guessing at
plant No. 2 as to who will be called
upon to make the first piece of ware
in No. 3. Samuel Jackson, who is now
working at a jigger in No. 2, is likely
to be asked to make the first piece.
Manager Harker stated this morning
that, inasmuch as Mr. Jackson was the
oldest employe in all the shops, it
was his desire that he mold the first
clay in the new shop. This honor fell
to Mr. Jackson when No. 2 was start-
ed. The new shop is being rapidly
prepared for operation, and there is
nothing but activity there. Contractor
Hill is now working on the erection
of the four decorating kilns, but when
these will be completed cannot yet be
told. Quite a large amount of clay has
been made and all the machinery is
installed in the slip house.

The dispute at the Keystone pottery
at Trenton over who should pay for
bad ware has reached such proportions
as to cause a strike among 52 press-
ers. The men quit work Tuesday. The
dispute over the conditions at the Key-
stone is of long standing. Similar con-
ditions exist in other sanitary plants
which compel the pressers to stand re-
sponsible for ware which, after it
leaves the kiln, will not stand inspec-
tion. The men say the bad ware is
not the result of poor workmanship
and they are in a quandary as to why
they should be compelled to stand for
it. The real cause for the breaks in
the ware is more or less technical, be-
ing governed by the rules of expan-
sion and contraction, which is regulat-
ed by the temperature of the kiln,
followed by the temperature of the
place in which it is deposited after the
kiln is drawn. The matter has been
reported to the N. B. of O. P. executive
board.

It will probably not be long until
the East Liverpool Street Railway
company will be asked to move its
tracks a little from their present loca-
tion at the Thompson pottery, as an-
other addition is being built to this
plant. Aside from the addition of sev-
eral decorating kilns the company has
commenced work on the foundation
for an addition to the warehouse. One
of the firm stated today that the com-
pany was compelled to go to an ex-
pense of almost \$300 in making the
foundation for the new decorating
kilns, on account of the condition of
the ground, where they are to be lo-
cated.

The officials of the Brotherhood had
matters well in hand when they ar-
ranged for a reduced rate for the de-
legates to the Trenton convention. The
trip is being made on the old certifi-
cate plan of fare and one-third—full
fare going and one cent per mile on
the return trip. Representatives of
the traffic association meet at Trenton
with a committee from the pottery
workers, and the certificates were gone
over and countersigned. Provided
there are one hundred delegates travel-
ing on the plan, the rate will be grant-
ed. A majority of the men will pur-
chase their tickets early.

Active work has been commenced
by the East Liverpool Sagger com-
pany in remodeling the property on
Second street, formerly occupied by
John Rinehart. The several kilns will
be located in the rear of this property
and it is expected that the plant will
be ready for operation within 60 days.
Many bricks that were used in the im-
provements that this company made
at the old light plant building in Pink
alley will be used in additional build-
ing on the new site.

Work on the new sagger shop at the
Smith-Phillips pottery is progressing
rapidly, and it is expected that by the
middle of next week the room where
the sagers are made at present will
be moved to the new shop. The walls
of the new shop have been completed,
and the carpenters are now completing
the roof. It will take but a few days
to make the necessary changes and
then the sagger makers will forsake
their old room.

The meetings of the several locals
which will be held this week, it is said,
will be quite dull, as each member
will be waiting to hear what action has
been taken upon resolutions at the
Trenton convention. There will be a
certain amount of routine work. After
the sessions of this week the meetings
give promise of being very interesting.

Mike Stillwell, a well known young
pottery workman of the East End,
while playing ball Wednesday evening
at Columbian park, was struck on the
end of the thumb by a thrown ball.
The injury was quite painful and he
sought the services of a physician be-
fore he was relieved.

It will be but a few weeks now until

Kilndrawers' local No. 17 will take up
for final consideration the benefit fea-
ture, which has been in the hands of
a committee for quite a time. The
new association is sure to start off
with a large membership.

Manager Thomas Price, of the
Union Potteries' plants, was in the
city yesterday in company with Vice
President Frank W. Fowler, of Pitts-
burg. They returned to their home in
the afternoon.

Fay Herron, a finisher at the East
Liverpool pottery, who has been in
Beaver Falls for several days visiting
friends, has resumed work at her
bench.

Kilnmen's local No. 9 will meet this
evening in Brotherhood hall. It will
be the last meeting of this local be-
fore the delegates will leave for Tren-
ton.

James Jenkins has taken a position
on the ghost end at Brunt's, working in
the place of George Smith, who is at-
tending the Trenton convention.

Tomorrow will be little pay.

Your Fate Lies In Your Hand.

Don't fail to consult Prof. Edwards,
the Psycho-Palmsit, and student of oc-
cult laws, and learn what gift you pos-
sess. This may bring you laurels for a
thought. Did you ever think and
ponder over the unfortunate turns of
life? How many die of lost art and
undeveloped talent?

HUMANITY possesses strange and
wonderful mental facilities. Some are
born with a talent for a doctor, a law-
yer, a preacher, while others are pos-
sessed with equally as great a talent
in other pursuits of life. Should they
take up and develop their latent power,
success will, nine times out of ten,
crown their efforts.

PROF. EDWARDS is well versed in
the latter day sciences, and foretells
events by means of Palmistry and
Psychology, to which scientists are de-
voting considerable time and attention,
both in their studios and literature.

PROF. EDWARDS has spent seven-
teen years on the road studying hu-
man nature in connection with some
of the most eminent scientists that
this country has produced; and is a
graduate of a college of science. His
knowledge of human life is broad, deep
and profound, and with his great
knowledge of the most exact science,
Palmistry, Psychology, Astrology and
Personal Magnetism, etc., makes of
him all he claims.

PROF. EDWARDS is located in this
city permanently. Those wishing to
consult him can do so without the
slightest fear of having their confi-
dence betrayed.

HE GIVES ADVICE on all matters
of business, lawsuits, deeds, wills,
mortgages, separations, divorces and
investments of all kinds. You will
find his advice infallible in every in-
stance. Tells you whether your friends
are true or false—who and when you
are to marry.

THOSE WISHING to see Prof. Ed-
wards will do well to take advantage
of the reduced prices. Hours, 10 a.
m. to 10 p. m. All readings strictly
confidential.

CALL MONEY UP TO 15.

Had Much Effect on Stock Market,
Thursday—Some Supplementary
Causes.

New York, May 2.—The volume of
dealings fell off again in yesterday's
stock market and the movement of
prices indicated much uncertainty
and confusion of sentiment. The
flurry in call money to 15 per cent
would go far to explain the action of
the market, but there were some sup-
plementary causes which were con-
fusing, and no doubt had something
to do with the rise in the money rate.
The preparation for the May dis-
bursements, which are unusually
heavy this year, was, of course, the
primary cause of the constriction of
the money supply. But such a dem-
onstration of instability as that in
International Power and a number of
other industrials, whose affairs were
other industrials, whose affairs were
Wednesday and yesterday, had the
inevitable effect of inducing closer
scrutiny of the character of collateral
offered for loans. There were mov-
ements in different stocks.

The bond market was irregular in

NOTICE TO REPUBLICANS

Notice is hereby given to the Republican
electors of the Eighteenth Congressional
District of Ohio that a delegate convention
to place in nomination a candidate for Rep-
resentative in Congress will be held at
Alliance, May 6, 1902,
at 11 o'clock a. m. delegates will be elected
in the several counties composing said dis-
trict on the basis of the Republican vote
cast for President in 1900, viz: 1 delegate
for each 100 votes and fraction thereof in
excess of 50. This apportionment is as
follows:
Columbiana.....103 delegates.
Mahoning.....89
Stark.....132
By order of Congressional Committee.
J. P. FAWCETT,
C. H. WICK,
E. A. KING, Committee.

Admiral Dewey, in response to a let-
ter from a Sunday school teacher who
had heard that he served liquor to the
men behind the guns on the occasion
of the famous battle in Manila bay,
flatly denies the story. Nothing
stronger than coffee was served dur-
ing the fight, or at that celebrated
Sunday morning breakfast. The Span-
iards tried to win at Santiago on the
strength of rum, and the world knows
the result. The regulations of the
American navy forbid the use of liquor
on board a ship except for medicinal
purposes. Modern naval battles are
won by cool, clearheaded and coura-
geous methods. Life's battles are won
in the same way. Neither Uncle Sam
nor any other sensible man now
thinks of enlisting the aid of whisky
as an ally in his fights.

The attack which the Republican
administration at Washington has or-
dered to be made on the beef trust is
having several sorts of consequences
which were not foreseen at the outset.
It is inciting assaults on that combine
by many states—Illinois, Missouri,
Colorado and others. It has sent the
price of beef down in some quarters,
evidently through fear of the attack
which is about to be made in the
courts. There has come, among the
Democratic politicians and newspa-
pers, a deep and sudden silence regard-
ing the alleged relations of the Repub-
lican party to the trusts. The exist-
ence of trusts is a fact. Men of all
parties and of no parties are inter-
ested in them. The question of their
regulation should not and cannot be
made a partisan one.

There is one most satisfactory fea-
ture about the increase in meat prices.
The trust people find their profits di-
minishing. Leading packers in Chi-
cago state that the consumption of
beef has fallen off 37½ per cent since
the agitation of the meat question be-
gan. Good enough! When corpora-
tions or individuals begin to show in-
ordinate greed and a disposition to
bleed their customers, it is a comfort
to see them overreach and lose where
they expected to gain.

The man that tells you to "go to
grass" is giving excellent advice. The
grass and leaves and spring flowers
that are springing into life and beauty
these bright May days are the most
attractive objects in nature, and a
visit to the woods and fields at this
season is about the best prescription
that can be given for that tired feel-
ing that occasionally overtakes the
town-dweller.

Gov. Taft says he does not believe
that cruelty and the water cure typify
the American army in the Philippines.
No good American holds any such
view, but that does not change the

fact that the army must be purged
of the charge of barbarity, even in
isolated instances.

J. P. Morgan is said to have re-
ceived \$172,500,000 in stock as com-
pensation for his services in promot-
ing combinations. Some of his friends
say he has not been overpaid, but
Morgan says nothing.

There does not appear to be any
unwonted activity among Democratic
statesmen, Tom Johnson excepted, to
secure the cast-off mantle of Col. Wil-
liam J. Bryan.

The St. Louis world's fair has been
postponed until 1904, and jealous Chi-
cagans are hoping it will be post-
poned indefinitely.

The prosperity of Porto Rico is
likely to set Cuba to thinking about
securing the benefits of annexation.

The price of beans has advanced
and there is loud lamentation in Bos-
ton.

AT THE THEATER

The merry Black Patti Troubadours
are coming to town. This organiza-
tion has the best credentials of merit
any could possess. Six years of phe-
nomenal success in every section of
the country, playing in the leading
theatres, and entertaining the high
and lowly with the same degree of in-
terest, is the company's record. At
Grand Tuesday night.

"The Girl From Chili" was presented
to a large audience at the Grand last
night, and gave a creditable produc-
tion, the like of which has not been
seen in this city in months. The piece
was replete with specialties, and the
work of the players was appreciated.

"A Homespun Heart" is a compan-
ion play to "Human Hearts," but is
said to excel that popular favorite in
its intensity and realism. It is Hal
Reid's latest and greatest success,
and will be presented at the Grand
Wednesday evening.

The Crystal Slipper Extravaganza
company played to the largest audi-
ence last night and gave one of the
most moral and amusing entertain-
ments that has ever visited our city.
—Winchester Daily News.

SILVER JUBILEE OF SPALDING.

Bishop's Twenty-Fifth Anniversary
Celebrated in St. Mary's Cathed-
ral in Peoria.

Peoria, Ills., May 2.—The silver
jubilee of the consecration of the Rt.
Rev. John Lancaster Spalding, bishop
of the diocese of Peoria, was cele-
brated at St. Mary's Cathedral yes-
terday morning, that being the
twenty-fifth anniversary of that oc-
casion. The exercises began with a
parade from the Spalding institute to
the cathedral, the procession being
formed of all the local and visiting
clergy fully vested, and the Catholic
societies of the city in full regalia.
At the cathedral Bishop Spalding cele-
brated solemn pontifical high mass,
and an elaborate musical program
was given by a choir of 100 voices.
The jubilee sermon was preached by
Cardinal Gibbons at 11 o'clock.

Commencing at 12:30 o'clock a ban-
quet was served at the episcopal re-
sidence.

Dean Mackin presented Bishop
Spalding with a purse containing
\$7,000 from the clergy of the diocese,
and with another purse containing
\$1,200 from Spalding council, Knights
of Columbus, of Peoria, for the esta-
blishment of a free scholarship in
Spalding institute for boys to be con-
trolled by the bishop.

The sermon at last evening's ex-
ercises was delivered by Archbishop
Ireland.

DEDISTRICTING BILL BEATEN.

Ohio Congressional District Will Not
Be Changed.

Columbus, O., May 2.—The Bunham
redistricting bill was defeated in the
house last evening, and it now as-
sures that no change will be made in
the Ohio congressional district, by this
legislature.

Gentle.

Walter—How would you like to have
your steak, sir?

Frank Customer (who has been wait-
ing twenty minutes)—Very much, in-
deed, thank you, if it isn't too much
trouble.—Exchange.

Quaker City Air Dried Beef is deli-
cious. Sold only by

COMMITTEE, J. M. KELLY, SEC-
RETARY. 100-j

POTTERY NEWS

When the Laughlin China company
started its plant in the East End sev-
eral years ago there was much specu-
lation among the workmen in the old
pottery, No. 1, as to who would
have the distinction of making the
first piece of ware in the new shop.
The same conditions prevail today,
and there is still much guessing at
plant No. 2 as to who will be called
upon to make the first piece of ware
in No. 3. Samuel Jackson, who is now
working at a jigger in No. 2, is likely
to be asked to make the first piece.
Manager Harker stated this morning
that, inasmuch as Mr. Jackson was the
oldest employe in all the shops, it
was his desire that he mold the first
clay in the new shop. This honor fell
to Mr. Jackson when No. 2 was start-
ed. The new shop is being rapidly
prepared for operation, and there is
nothing but activity there. Contractor
Hill is now working on the erection
of the four decorating kilns, but when
these will be completed cannot yet be
told. Quite a large amount of clay has
been made and all the machinery is
installed in the slip house.

The dispute at the Keystone pottery
at Trenton over who should pay for
bad ware has reached such proportions
as to cause a strike among 52 press-
ers. The men quit work Tuesday. The
dispute over the conditions at the Key-
stone is of long standing. Similar con-
ditions exist in other sanitary plants
which compel the pressers to stand re-
sponsible for ware which, after it
leaves the kiln, will not stand inspec-
tion. The men say the bad ware is
not the result of poor workmanship
and they are in a quandary as to why
they should be compelled to stand for it.
The real cause for the breaks in the
ware is more or less technical, be-
ing governed by the rules of expan-
sion and contraction, which is regula-
ted by the temperature of the kiln,
followed by the temperature of the
place in which it is deposited after the
kiln is drawn. The matter has been
reported to the N. B. of O. P. executive
board.

It will probably not be long until
the East Liverpool Street Railway
company will be asked to move its
tracks a little from their present loca-
tion at the Thompson pottery, as an-
other addition is being built to this
plant. Aside from the addition of sev-
eral decorating kilns the company has
commenced work on the foundation
for an addition to the warehouse. One
of the firm stated today that the com-
pany was compelled to go to an ex-
pense of almost \$300 in making the
foundation for the new decorating
kilns, on account of the condition of
the ground, where they are to be lo-
cated.

The officials of the Brotherhood had
matters well in hand when they ar-
ranged for a reduced rate for the dele-
gates to the Trenton convention. The
trip is being made on the old certifi-
cate plan of fare and one-third—full
fare going and one cent per mile on
the return trip. Representatives of
the traffic association meet at Trenton
with a committee from the pottery
workers, and the certificates were gone
over and countersigned. Provided
there are one hundred delegates trav-
eling on the plan, the rate will be grant-
ed. A majority of the men will pur-
chase their tickets early.

Active work has been commenced
by the East Liverpool Sagger com-
pany in remodeling the property on
Second street, formerly occupied by
John Rinehart. The several kilns will
be located in the rear of this property
and it is expected that the plant will
be ready for operation within 60 days.
Many bricks that were used in the im-
provements that this company made
at the old light plant building in Pink
alley will be used in additional build-
ing on the new site.

Work on the new sagger shop at the
Smith-Phillips pottery is progressing
rapidly, and it is expected that by the
middle of next week the room where
the sagers are made at present will
be moved to the new shop. The walls
of the new shop have been completed,
and the carpenters are now completing
the roof. It will take but a few days
to make the necessary changes and
then the sagger makers will forsake
their old room.

The meetings of the several locals
which will be held this week, it is said,
will be quite dull, as each member
will be waiting to hear what action has
been taken upon resolutions at the
Trenton convention. There will be a
certain amount of routine work. After
the sessions of this week the meetings
give promise of being very interesting.

Mike Stillwell, a well known young
pottery workman of the East End,
while playing ball Wednesday evening
at Columbian park, was struck on the
end of the thumb by a thrown ball.
The injury was quite painful and he
sought the services of a physician be-
fore he was relieved.

It will be but a few weeks now until

Kilndrawers' local No. 17 will take up
for final consideration the benefit fea-
ture, which has been in the hands of
a committee for quite a time. The
new association is sure to start off
with a large membership.

Manager Thomas Price, of the
Union Potteries' plants, was in the
city yesterday in company with Vice
President Frank W. Fowler, of Pitts-
burg. They returned to their home in
the afternoon.

Fay Herron, a finisher at the East
Liverpool pottery, who has been in
Beaver Falls for several days visiting
friends, has resumed work at her
bench.

Kilnmen's local No. 9 will meet this
evening in Brotherhood hall. It will
be the last meeting of this local be-
fore the delegates will leave for Tren-
ton.

James Jenkins has taken a position
on the glost end at Brunt's, working in
the place of George Smith, who is at-
tending the Trenton convention.

Tomorrow will be little pay.

Your Fate Lies In Your Hand.

Don't fail to consult Prof. Edwards,
the Psycho-Palmist, and student of oc-
cult laws, and learn what gift you pos-
sess. This may bring you laurels for
a thought. Did you ever think and
ponder over the unfortunate turns of
life? How many die of lost art and
undeveloped talent?

HUMANITY possesses strange and
wonderful mental facilities. Some are
born with a talent for a doctor, a law-
yer, a preacher, while others are pos-
sessed with equally as great a talent
in other pursuits of life. Should they
take up and develop their latent power,
success will, nine times out of ten,
crown their efforts.

PROF. EDWARDS is well versed in
the latter day sciences, and foretells
events by means of Palmistry and
Psychology, to which scientists are de-
voting considerable time and attention,
both in their studios and literature.

PROF. EDWARDS has spent seven-
teen years on the road studying hu-
man nature in connection with some
of the most eminent scientists that
this country has produced; and is a
graduate of a college of science. His
knowledge of human life is broad, deep
and profound, and with his great
knowledge of the most exact science,
Palmistry, Psychology, Astrology and
Personal Magnetism, etc., makes of
him all he claims.

PROF. EDWARDS is located in this
city permanently. Those wishing to
consult him can do so without the
slightest fear of having their confi-
dence betrayed.

HE GIVES ADVICE on all matters
of business, lawsuits, deeds, wills,
mortgages, separations, divorces and
investments of all kinds. You will
find his advice infallible in every in-
stance. Tells you whether your friends
are true or false—who and when you
are to marry.

THOSE WISHING to see Prof. Ed-
wards will do well to take advantage
of the reduced prices. Hours, 10 a.
m., to 10 p. m. All readings strictly
confidential.

CALL MONEY UP TO 15.

Had Much Effect on Stock Market.
Thursday—Some Supplementary
Causes.

New York, May 2.—The volume of
dealings fell off again in yesterday's
stock market and the movement of
prices indicated much uncertainty
and confusion of sentiment. The
flurry in call money to 15 per cent
would go far to explain the action of
the market, but there were some sup-
plementary causes which were con-
fusing, and no doubt had something
to do with the rise in the money rate.
The preparation for the May dis-
bursements, which are unusually
heavy this year, was, of course, the
primary cause of the restriction of
the money supply. But such a dem-
onstration of instability as that in
International Power and a number of
other industrials, whose affairs are
Wednesday and yesterday, had the
inevitable effect of inducing closer
scrutiny of the character of collateral
offered for loans. There were mov-
ements in different stocks.
The bond market was irregular in
sympathy with stocks. Total sales,
par value, \$2,430,000.

WELLSVILLE

DARING ESCAPE
FROM DURANCE

Female Prisoner Got Out of City
Hall in a Very Hazardous Way.

SLID DOWN A BIG WIRE

Landed Safely on the Ground and
Escaped to the West End—Re-arrested and Committed to the Bastille—Sensational Sequel to a Fight.

Lively doings were in progress last evening around the city building and the mayor's office. In a most hazardous and unexpected manner Mrs. Libbie Burnfield left the headquarters of the city's chief executive unseen by anyone.

She had been arrested yesterday forenoon, with her husband, Louis Burnfield, from whom she has separated, and Mrs. Anna Call. All had participated in a lively hand-to-hand fight in the West End and all were badly bruised up. Mrs. Burnfield had one of her eyes somewhat darkened.

When they were given a hearing early yesterday evening, Mayor Fogo fined Burnfield \$20 and costs, his wife \$25 and costs and Mrs. Call \$10 and costs. Both Burnfield and Mrs. Call settled, but Mrs. Burnfield was unable to do so and asked the mayor to send out for persons who, she thought, might go on her bond.

The mayor left his office for a few moments and instructed Officer Pittenger to watch the door.

Mrs. Burnfield, being left alone, thought she saw an avenue of escape. A quarter inch electric light wire ran down the rear side of the city building, passing within a few inches of a window in the office. Mrs. Burnfield slid down this wire to the ground, a distance of perhaps 25 feet and thence escaped up a back alley.

She was not missed for fully ten minutes and then every officer and ex-officer on the force was sent out in search of her.

She was finally landed by Officer Thorn, who found her on Steubenville street in the West End. She will appear before the mayor again today and it is thought will receive a long workhouse sentence.

A SOCIAL SESSION

To Follow the Regular Meeting of the
Foreign Missionary Society.

The regular monthly meeting of the Woman's Foreign Missionary society of the First M. E. church will be held this evening at the home of Miss Carrie McCann on Broadway. After the regular monthly business has been transacted a social session will follow. Refreshments will be served.

The society at the present time is reported to be in a very flourishing condition and the work has created a great deal of interest among the citizens.

FOUR CARS PILED UP

A Small Wreck Caused By the Derailment of a Coke Car.

A small wreck, in which coke cars were piled up, occurred last evening on the C. & P. road at the foot of Fifth street.

The freight train known as the "Conway Drag" No. 94 was running eastward at a very slow rate of speed when a coke car became derailed in some unknown manner. Four of the

cars were jammed together, breaking the train.

No one was injured, excepting a stray reporter who happened to be standing on the river side of the track at the time, and was compelled to jump over the bank, cutting his right hand somewhat.

The wreck train arrived on the scene a few minutes after the occurrence and cleared up the track in a short time.

Traffic was not delayed in the least, as the road is double tracked at this point.

BODY RECOVERED

Remains of the Negro Lost From a
Towboat Found Opposite
Wellsville.

The body of the unknown negro fireman who dropped off the towboat Gleaner several days ago was recovered last evening on the West Virginia shore of the river opposite the West End. No marks of identification were found on the body.

The coroner at New Cumberland has been notified and nothing will be done with the float until he arrives.

Fined by the Mayor.

Fred Green was arrested by Officers Thorn and Davis last evening, charged with being drunk and disorderly. He will be given a hearing today by Mayor Fogo and the usual \$4.00 will be administered.

MINOR NEWS OF WELLSVILLE.

James Madden was in Lisbon yesterday.

J. M. Russell made a business trip to Pittsburgh yesterday.

W. S. Firestone, of Lisbon, was here yesterday on business.

Mrs. A. R. Wells went to Mingo yesterday to visit friends for a few days.

Miss Fannie Minor left for Cleveland yesterday, where she will hereafter reside.

T. M. Patterson, of Burgettstown, Pa., was a business visitor in Wellsville last evening.

Wellsville school teachers were all paid yesterday for their services during the last month.

William McLane and A. H. Watson, of West Point, spent yesterday in Wellsville on business.

Thomas Lawson left yesterday for Cambridge Springs, Pa., where he will remain for some time.

On account of a sprained wrist Perry Morris is unable to attend to his regular duties at the railroad shops.

W. H. Baldwin, manager of the Carroll-Porter boiler works, went to Pittsburgh last evening on a short business trip.

Miss Mary Woolley and Miss Percy Conn went to Rochester yesterday, where they will visit friends for a few days.

Superintendent W. H. Scriven, of the C. & P. road, passed down the river yesterday in a special train. The train returned to Pittsburgh last evening.

At the meeting in Mingo yesterday of the Woman's Home Missionary society of the M. E. church Mrs. A. R. Wells, of this city, was elected vice-president.

"I had a running, itching sore on my leg. Suffered tortures. Doan's Ointment took away the burning and itching instantly, and quickly effected permanent cure." C. W. Lenhart, Bowling Green, O.

ALUM BAKING POWDERS

Condemned in Missouri And Confiscated By Health Authorities in New York.

Judge Clarke, of St. Louis, has convicted and fined heavily a number of grocers for selling baking powders containing alum.

The week before the Health Department of New York seized a quantity of stuff being sold for baking powder which they found was made from alum mixed with ground rock, and dumped it into the river.

The Health Authorities are thus taking effective means to prevent the introduction into our markets of injurious substitutes in place of wholesome baking powders.

As alum costs only two cents a pound, there is a great temptation for those manufacturers who make substitutes and imitation goods, to use it. Alum baking powders can be detected by the health authorities by chemical analysis, but the ordinary housekeeper, whose assistance in protecting the health of the people is important, cannot make a chemical examination. She may easily know the alum baking powders, however, from the fact that they are sold at from ten to twenty cents for a pound can, or that some prize—like a spoon, or glass, or piece of crockery, or wooden ware—is given with the powder as an inducement.

As the people continue to realize the importance of this subject and dealers insist on having baking powder of established name and character, and as the health authorities continue their vigorous crusades, the alum danger will, it is hoped, finally be driven from our homes.

FRIENDS AND VISITORS

Thomas Wooster is visiting his daughter in Pittsburgh.

Mrs. Ida Bradshaw, of Niles, is a guest of friends in this city.

W. L. Thompson is confined to his home, owing to an attack of the grip.

Miss Maude Carman, of the East End, is confined to her home by illness.

Miss Mary Oliver is off duty at the Bell telephone exchange owing to sickness.

N. A. Frederick and wife are home from an extended visit and tour in California.

Miss Madge Moore is confined to her home on Avondale street owing to sickness.

Harvey Thompson has returned from a visit with his parents at Youngstown.

Thomas Parker, of Salem, has returned home after a short visit to relatives on Lisbon street.

Mrs. A. W. Scott and children left last evening for Augusta, O., to visit a week with relatives.

George Olmhausen returned last evening from Cleveland, where he served on the United States grand jury.

City Clerk Willis Davidson, Attorney F. E. Grosshans and Len Hertel, of this city, were in Lisbon yesterday on legal business.

George Knoblock, who has been sick at his home on Lincoln avenue for several weeks, has recovered and is able to be out again.

Miss Hattie Ashbaugh is very ill at her home in this city. Mrs. Grace Bradshaw, of Niles, has been summoned to the bedside.

Gilbert G. Gaston and family, of Steubenville, who have been visiting at the home of Dr. J. T. Elliott for several days, have returned to their home.

Misses Anna and Lizzie Marion, who were in the city attending the funeral of their brother, Edward Marion, returned to their home in Steubenville last evening.

CHESTER SCHOOLS'
CLOSING PROGRAM

A Fine Entertainment Was the
Commencement at Rock
Springs Pavilion.

BIG CROWD IN ATTENDANCE

The Exercises Were First-Class, Even
Though There Was But One Graduate—Neat Sum Realized for the
Benefit of School Library.

One of the prettiest, most elaborate and well managed entertainments that has ever been held in this busy village, was that of the first commencement of the Chester schools last night at Rock Springs park.

The entertainment was a grand success both socially and financially, nearly \$100 being cleared, which sum is for the purpose of establishing a library in the central school building.

The pavilion in the park and the decorations were donated to the board of education for the occasion and the only expense was that of advertising.

The First Presbyterian church choir furnished part of the music for the entertainment and were well applauded after each selection. Mrs. G. R. Ahrendt's solo, "Bonnie Sweet Bessie, the Maid of Dundee," won golden opinions, and was one of the best features of the entertainment. The address of welcome, by Miss Bessie Wells, one of the older scholars, was a very clever production.

Miss Pearl Glass, the only graduate, gave a very interesting oration on the "Future of American Women." Other interesting features given by the smaller pupils of the schools were the wreath drill, Desarte exercises and milk drill.

Prof. R. E. Rayman, superintendent of the East Liverpool public schools, gave a very interesting address on "Popular Education."

Pictures of Martha and George Washington were presented to the schools by the Jr. O. U. A. M. and a fine bookcase was also presented which is to be used in the new school library.

In conclusion Miss Glass was presented with a diploma by Superintendent G. A. Allison. Nearly 700 people witnessed the exercises, the most of whom were the parents of those who took part.

AGAINST BONDS

CHESTER CITIZENS OPPOSED TO
A \$24,000 DEBT.

Only 85 Votes for the Proposition And
129 in Opposition.

The vote taken by the citizens of Chester yesterday to decide whether or not the city should be bonded to the extent of \$24,000 for the paving and otherwise improving of Carolina avenue and First street resulted in an overwhelming victory for those opposing, there being but 85 votes cast for the issuance of the bonds and a total of 129 votes against it.

The election was conducted by Thompson Allison, E. C. Baxter and Joseph Finley and their certified statement of the above result was accepted by council last evening.

ARRESTS PROMISED

question was finally disposed of with a motion by Riley, which received a second, ordering the mayor to notify the railway company that it must lay a double track only along the route where the franchise grants a 20-foot right of way.

An ordinance providing for the proper keeping of hens, geese, ducks and guinea fowls was accepted and adopted. According to this ordinance if a chicken is found the finder is entitled to 10 cents for capturing it and five cents per day for 10 days for keeping it and then the mayor is allowed a fee. Wetzel said he thought it would be a valuable hen before the finder and the mayor finished action on it.

E. S. Goode, through his attorney, J. R. Donehoo, notified council that he would institute a suit for \$3,000 against the city if the change of grade as proposed is made on Third street.

Constable Allison was once more censured for not attending to lights, but no action was taken.

The street commissioner was ordered to make a fill on First street, so that the road may be passable.

The officials claim to own the entire right of way over which it proposes to lay a double track and have no fear of being handicapped over the action of Shradler. An official of the company stated today all they proposed to do would be done in a legal way.

It is reported that Mayor Shradler proposes to resign from his office because of the result of the recent bond election.

WELLSVILLE

DARING ESCAPE
FROM DURANCE

Female Prisoner Got Out of City
Hall in a Very Hazard-
ous Way.

SLID DOWN A BIG WIRE

Landed Safely on the Ground and
Escaped to the West End—Rear-
rested and Committed to the Bas-
tile—Sensational Sequel to a Fight.

Lively doings were in progress last evening around the city building and the mayor's office. In a most hazardous and unexpected manner Mrs. Libbie Burnfield left the headquarters of the city's chief executive unseen by anyone.

She had been arrested yesterday forenoon, with her husband, Louis Burnfield, from whom she has separated, and Mrs. Anna Call. All had participated in a lively hand-to-hand fight in the West End and all were badly bruised up. Mrs. Burnfield had one of her eyes somewhat darkened.

When they were given a hearing early yesterday evening, Mayor Fogo fined Burnfield \$20 and costs, his wife \$25 and costs and Mrs. Call \$10 and costs. Both Burnfield and Mrs. Call settled, but Mrs. Burnfield was unable to do so and asked the mayor to send out for persons who, she thought, might go on her bond.

The mayor left his office for a few moments and instructed Officer Pittenger to watch the door.

Mrs. Burnfield, being left alone, thought she saw an avenue of escape. A quarter inch electric light wire ran down the rear side of the city building, passing within a few inches of a window in the office. Mrs. Burnfield slid down this wire to the ground, a distance of perhaps 25 feet and thence escaped up a back alley.

She was not missed for fully ten minutes and then every officer and ex-officer on the force was sent out in search of her.

She was finally landed by Officer Thorn, who found her on Steubenville street in the West End. She will appear before the mayor again today and it is thought will receive a long workhouse sentence.

A SOCIAL SESSION

To Follow the Regular Meeting of the
Foreign Missionary
Society.

The regular monthly meeting of the Woman's Foreign Missionary society of the First M. E. church will be held this evening at the home of Miss Carrie McCann on Broadway. After the regular monthly business has been transacted a social session will follow. Refreshments will be served.

The society at the present time is reported to be in a very flourishing condition and the work has created a great deal of interest among the citizens.

FOUR CARS PILED UP

A Small Wreck Caused By the De-
railment of a Coke
Car.

A small wreck, in which coke cars were piled up, occurred last evening on the C. & P. road at the foot of Fifth street.

The freight train known as the "Conway Drag" No. 94 was running eastward at a very slow rate of speed when a coke car became derailed in some unknown manner. Four of the

cars were jammed together, breaking the train.

No one was injured, excepting a stray reporter who happened to be standing on the river side of the track at the time, and was compelled to jump over the bank, cutting his right hand somewhat.

The wreck train arrived on the scene a few minutes after the occurrence and cleared up the track in a short time.

Traffic was not delayed in the least, as the road is double tracked at this point.

BODY RECOVERED

Remains of the Negro Lost From a
Towboat Found Opposite
Wellsville.

The body of the unknown negro fireman who dropped off the towboat Gleaner several days ago was recovered last evening on the West Virginia shore of the river opposite the West End. No marks of identification were found on the body.

The coroner at New Cumberland has been notified and nothing will be done with the float until he arrives.

Fined by the Mayor.

Fred Green was arrested by Officers Thorn and Davis last evening, charged with being drunk and disorderly. He will be given a hearing today by Mayor Fogo and the usual \$4.00 will be administered.

MINOR NEWS OF WELLSVILLE.

James Madden was in Lisbon yesterday.

J. M. Russell made a business trip to Pittsburgh yesterday.

W. S. Firestone, of Lisbon, was here yesterday on business.

Mrs. A. R. Wells went to Mingo yesterday to visit friends for a few days.

Miss Fannie Minor left for Cleveland yesterday, where she will hereafter reside.

T. M. Patterson, of Burgettstown, Pa., was a business visitor in Wellsville last evening.

Wellsville school teachers were all paid yesterday for their services during the last month.

William McLane and A. H. Watson, of West Point, spent yesterday in Wellsville on business.

Thomas Lawson left yesterday for Cambridge Springs, Pa., where he will remain for some time.

On account of a sprained wrist Perry Morris is unable to attend to his regular duties at the railroad shops.

W. H. Baldwin, manager of the Carroll-Porter boiler works, went to Pittsburgh last evening on a short business trip.

Miss Mary Woolley and Miss Percy Conn went to Rochester yesterday, where they will visit friends for a few days.

Superintendent W. H. Scriven, of the C. & P. road, passed down the river yesterday in a special train. The train returned to Pittsburgh last evening.

At the meeting in Mingo yesterday of the Woman's Home Missionary society of the M. E. church Mrs. A. R. Wells, of this city, was elected vice-president.

"I had a running, itching sore on my leg. Suffered tortures. Doan's Ointment took away the burning and itching instantly, and quickly effected permanent cure." C. W. Lenhart, Bowling Green, O.

ALUM BAKING POWDERS

Condemned in Missouri And Confis-
cated By Health Authorities
in New York.

Judge Clarke, of St. Louis, has convicted and fined heavily a number of grocers for selling baking powders containing alum.

The week before the Health Department of New York seized a quantity of stuff being sold for baking powder which they found was made from alum mixed with ground rock, and dumped it into the river.

The Health Authorities are thus taking effective means to prevent the introduction into our markets of injurious substitutes in place of wholesome baking powders.

As alum costs only two cents a pound, there is a great temptation for those manufacturers who make substitutes and imitation goods, to use it. Alum baking powders can be detected by the health authorities by chemical analysis, but the ordinary housekeeper, whose assistance in protecting the health of the people is important, cannot make a chemical examination. She may easily know the alum baking powders, however, from the fact that they are sold at from ten to twenty cents for a pound can, or that some prize—like a spoon, or glass, or piece of crockery, or wooden ware—is given with the powder as an inducement.

As the people continue to realize the importance of this subject and dealers insist on having baking powder of established name and character, and as the health authorities continue their vigorous crusades, the alum danger will, it is hoped, finally be driven from our homes.

VISITORS PUT UP VERY POOR GAME

Only Boys' Play For East Liverpool to Defeat the Waldorfs.

THE SCORE STOOD 14 TO 2

The Pittsburghers' Pitcher Was Batted All Over the Field—The Local Team Played An Excellent Game and Won Much Applause.

In a very uninteresting and one-sided game the local baseball team won the first of a series of three games from the Waldorf club of Pittsburgh yesterday afternoon at West End park. No team ever played a poorer game in the presence of East Liverpool fans than did the visitors. With but one exception, the entire team played like boys at town ball.

"Tommy" Boyle, one of the best players of the Winter Athletic club, here last week, was at third for the visitors, and although he played an admirable game he could not do it all and was compelled to suffer with his comrades.

To say that Hartmus, the pitcher for the Pittsburghers, was rank fails to express it. He was batted in all directions, gave the locals 14 clean hits and made two unexcusable errors. Lynch made only three errors and outside of that showed himself to be an expert.

The locals played almost an errorless game and frequently received merited applause. Winters in the box was a marvel. He made the visitors look like thirty cents, his well controlled rattlesnake deliver resulting in nine strikeouts.

Webb and J. Heckathorn showed great proficiency at the bat, each being credited with four hits. The remaining members of the team acquitted themselves in a manner worthy of the praise they received from the spectators.

In the first inning neither side scored, but in the second and third the locals completely bewildered their contestants by scoring seven runs and continued in like manner throughout the game.

The score:

MEN ARE IDLE

Clay Workers at Toronto Sewer Pipe Plants Were Refused an Advance in Wages.

All the Toronto and Empire sewer pipe men and clay diggers quit work at the various plants of the American Sewer Pipe company Wednesday and have asked for an increase of 15 cents a day in wages. There is no organization among the men, but all have agreed to stay out until the matter of wages is adjusted, which is expected to be done soon.

There are nearly 300 men affected by the strike. The yards are nearly all well stocked with pipe and the company is and has been for some time unable to fill the orders on hand promptly owing to the great scarcity of cars in which to make shipments. This fact may prove a factor in settling the question raised by the men. The wages at present run from \$1.40 to \$1.75 a day, and a general increase of 15 cents is asked for.

A NEW PASTOR

Rev. A. D. McCullough, Formerly of Calcutta, Called to Toronto Church.

At the congregational meeting held in the Presbyterian church at Toronto Wednesday evening a call was extended to Rev. A. D. McCullough, of New Cumberland, as pastor of the church. Rev. J. P. Leyenberger was moderator and W. C. McMaster clerk.

Rev. Mr. McCullough is well known in this city, having been for several years pastor of the Presbyterian church at Calcutta.

TO FIGHT THE WABASH

Reported Decision of President Cassatt on His Western Trip.

It is said that President Cassatt, of the Pennsylvania railroad, during his recent visit to this section, not only determined to do everything possible to improve the Pennsylvania lines in eastern Ohio, but to put every possible stumbling block in the way of the Wabash invading this territory.

NEWS IN BRIEF.

Thomas Armstrong, 55 years old, an attorney, of Bedford, Pa., dropped dead while descending the court house steps.

Perry Christian, who was to have been hanged at Moundsville, W. Va., has been respite for five weeks by Governor White.

Robert Grossman, aged 14, has disappeared from his home at Slippery Rock, Butler county, Pa., and his family fear he has met with foul play.

John Miller, a farmer of near Newark, O., accidentally discharged a shotgun he was handling, the load taking effect in his head, causing instant death.

At Scottsdale, Pa., Harry and Murray Trimble were arrested on charges of maintaining a gambling place, preferred by E. E. Shoemaker, of the Anti-Saloon league.

At Newark, O., John Miller, 38 years old, a well-known farmer, was found dead near his home by his wife. His head had been blown off with a shotgun, whether by accident or not is not known.

Captain Boyles, borough treasurer of Falls Creek, Pa., has resigned his office on account of the small salary. He asked for an increase in commission of from one-half of 1 per cent to 2 per cent. Council refused and he decided to quit. His office last year paid him \$17.

The West Virginia G. A. R. passed a resolution at the New Martinsville encampment declaring Senator Stephen R. Elkins to be an honorably discharged Union veteran and eligible to membership in the organization, and condemning the charge that he was a Confederate guerrilla as false.

Diphtheria, sore throat, croup. Instant relief, permanent cure. Dr. Thomas' Electric Oil. At any drug store.

Ladies' Patent Kid Oxfords that won't crack, \$2.50.

VISITORS PUT UP VERY POOR GAME

Only Boys' Play For East Liverpool to Defeat the Waldorfs.

THE SCORE STOOD 14 TO 2

The Pittsburghers' Pitcher Was Batted All Over the Field—The Local Team Played An Excellent Game and Won Much Applause.

In a very uninteresting and one-sided game the local baseball team won the first of a series of three games from the Waldorf club of Pittsburgh yesterday afternoon at West End park. No team ever played a poorer game in the presence of East Liverpool fans than did the visitors. With but one exception, the entire team played like boys at town ball.

"Tommy" Boyle, one of the best players of the Winter Athletic club, here last week, was at third for the visitors, and although he played an admirable game he could not do it all and was compelled to suffer with his comrades.

To say that Hartmus, the pitcher for the Pittsburghers, was rank fails to express it. He was batted in all directions, gave the locals 14 clean hits and made two unexcusable errors. Lynch made only three errors and outside of that showed himself to be an expert.

The locals played almost an errorless game and frequently received merited applause. Winters in the box was a marvel. He made the visitors look like thirty cents, his well controlled rattlesnake deceiver resulting in nine strikeouts.

Webb and J. Heckathorn showed great proficiency at the bat, each being credited with four hits. The remaining members of the team acquitted themselves in a manner worthy of the praise they received from the spectators.

In the first inning neither side scored, but in the second and third the locals completely bewildered their contestants by scoring seven runs and continued in like manner throughout the game.

The score:

DIDN'T BUY LANDS.

**Havemeyer Explains Holdings
In Cuba to the Senate
Committee,**

ADMITS LOWERING OF PRICES.

**Reduction in Missouri Valley Was
Made to Regain Lost Trade, Which
He Declared Beet Sugar People Had
Secured by Unfair Means.**

Washington, May 2.—President Havemeyer, of the American Sugar Refining company, appeared before the senate committee on Cuban relations yesterday. Accompanying Mr. Havemeyer were Arthur Bonner, treasurer of the company, and Henry C. Mott, its raw sugar buyer. His testimony was in part:

"Will you, Senator Platt asked, 'tell the committee how much Cuban sugar, if any, has been purchased and is now held by your company?'"

"Since early in February last we have purchased 50,000 tons or 256,000 bags, or about 10 days' supply," replied Mr. Havemeyer. "Of that quantity 26,000 tons is now in process of shipment from Cuba. The prices paid had ranged from \$1.75 to \$1.93, the highest price being paid on March 13 and the lowest on April 22."

"Does the 50,000 tons you mention represent your entire purchases in Cuba since the first of January?"

"No; we have bought all told 93,000 tons of Cuban sugars during the present year, or about three-fourths of a month's supply, our consumption being about 35,000 tons per week."

Not Trying to Secure Crop Control.

"It has been stated that your organization has been buying up or seeking to control a large proportion of the Cuban sugar crop and that if concessions are made to Cuba, practically all of the benefits would go to you?"

"There is no truth whatever in that statement."

"What difference would there be in the price of Cuban sugar as compared with the Hamburg market if the entire Cuban crop was to be sold on a congested market?"

"About one-sixteenth of a cent per pound. That would be 6 cents per hundred, as against 33 cents per hundred, which it is proposed to give the Cubans on the basis of a 20 per cent reduction in the tariff. The difference would all go to the Cubans."

In reply to other questions he said that the price of raw sugar in the United States is fixed by the beet market prices in Hamburg. The price there fixes the selling price for the entire world, said Mr. Havemeyer. On the subject of the price of Cuban sugars he said that his company could not determine their price. "We have," he said, "no control over them whatever; they don't belong to us."

"Cuba has to sell her sugar in this market, hasn't she?"

"No, that is not true; she can sell in England, for instance, if she is desirous to do so. England could take the entire Cuban crop."

Continuing, Mr. Havemeyer said the entire Cuban sugar crop is about 750,000 tons, but that much of it has been withheld from the market in view of possible tariff concessions to be made by congress. On this account his purchases had been only about one-third of the average of other years.

Speaking of the capacity of his company, he said that it refined 65 per cent of the American refined product.

Mr. Platt then asked: "Suppose the United States should make a concession of say 20 or 25 per cent in the tariff rates on Cuban sugar, couldn't you refuse to buy the Cuban product except at your own rates, and thus secure the benefit of the concession?"

Not Obligated to Sell to Them.

"In no way," was the reply. "Cuba would be under no obligations to sell to us, because, as I have said, the Cuban producers could find other markets."

He said that some five or six years ago he had acquired a half interest in a sugar plantation at Tanamo bay, but that when the owners had prepared to utilize the land their own improvements had been obliterated by the insurgents and that nothing has since been done with it. Other interests held by him in Cuba were enumerated as follows:

SMOTHER A COUGH.

You can smother a cough with your hand but you can't cure it that way. Some medicines only smother coughs.

Scott's Emulsion cures them. Old coughs and deep-rooted coughs can't be cured until the inflammation which causes them has been replaced by healthy tissue.

That is exactly the kind of thorough work Scott's Emulsion does. It changes the entire nature of the throat and lungs so that there is nothing to cough about.

Send for Free Sample.
SCOTT & BOWNE, Chemists, 400 Pearl St., N. Y.

Forty per cent of the stock of a central called the Trinidad, which has no land connected with it but which produces about 8,000 tons annually; 20 per cent of a sugar factory at Chappawa; a slight interest in another factory whose name he could not recall; an interest in a plantation at Santa Cruz in connection with a Mr. Welch, a Hawaiian planter, which produces from 8,000 to 10,000 tons of sugar a year. All these interests had been acquired, he said, before there had been any agitation of the question of a reduction of the tariff rates. He added that he knew nothing about Cuban sugar land holdings by other Americans.

Mr. Havemeyer said that the entire plant at Trinidad was owned by Americans, Mr. Atkins holding 25 per cent of the stock; Mr. Zomp, of the trust, 40 per cent, and himself the other 40 per cent.

Speaking of other sugar interests in the United States, Mr. Havemeyer said he had no understanding with the other refineries except the Spreckels plant in California, which he held in joint ownership with Mr. Spreckels. All other refineries were absolutely independent of the trust. The capacity of the Spreckels refinery he placed at 500,000 pounds a day.

Asked by Mr. Teller whether he was still buying sugar in Cuba, he said:

"We are still trying to buy, but we have not succeeded in making any purchases since April 26, when the sugar was withdrawn from the market on account of improved chances of securing the American concession."

"How do you account for the fluctuations in the price of Cuban sugar which you have mentioned as having occurred within the past few months?"

"They are due to the changes in the beet sugar market in Hamburg. There has been a constantly dropping market there on account of the increased beet product, which has amounted to about a million tons in the past year."

"Then you regard the beet sugar producers as competitors of yours?"

"I certainly do; there is what you might call a commercial rivalry."

"Last summer you fixed the price of refined sugar at points in the Missouri valley very low, did you not?"

"Yes, we did; we put it at 3.102 cents per pound, whereas the price before had been 4½ cents, and the price in Atlantic coast points was still maintained at the higher figure."

"How long did you keep the price down?"

Undersold Beet Sugar People.

"Until we recovered our trade. The beet sugar makers undertook to control the market by contracts with dealers which I considered in restraint of trade. Consequently we reduced the price until our trade was restored to us, keeping it down to the lowest point for about two weeks."

The examination drifting to the assertion of Mr. Havemeyer that Cuban sugar could find a market in England, Mr. Teller asked:

"If England is a good market for Cuban sugar, why has not the Cuban product sought that market in the past?"

"Because," was the reply, "the beet sugar product can be secured from Germany at much lower freight rates."

"Is it not a fact that the United States affords the only market that Cuba has ever had?"

"No, the United States is not the only market for Cuban sugar, but owing to its geographical position this country is the principal market for it, but years ago Cuba made large exportations to England. Now the freight rate is in favor of the United States and against England."

STRICT ORDERS TO MERRITT.

MacArthur Said He Was Not to Commit Our Government.

Washington, May 2.—Major General MacArthur yesterday continued his testimony before the senate committee on the Philippines. It was in part:

Answering a question by Senator Culberson, the general said that Aguinaldo and the Filipino people were justified in concluding that the actions of the United States army were sympathetic. The Filipinos, he said, were in a resentful and vindictive opposition to Spain, and any active force on their part against Spain naturally helped the United States, and vice versa; but he said there was a distinct purpose throughout the intercourse between Americans and Filipinos to repudiate the idea of direct co-operation which in any way committed the United States to a policy.

General Merritt, he said, was under the strictest orders not to commit the government, but Aguinaldo was anxious to make an artificial record which would oblige General Merritt to do something he did not wish to do. "The Filipino," said General MacArthur, "has quite a comprehensive knowledge of Latin diplomacy."

Aguinaldo was landed at Manila aboard an American warship because he was a useful individual who could be employed in a manner that would contribute to American success.

ST. LOUIS EXPO. POSTPONED.

President Francis Announced Change to 1904—Some of the Reasons Given.

St. Louis, May 2.—A statement was given out last evening by President David R. Francis, of the Louisiana Purchase Exposition company, saying in part:

"The sundry civil bill, which passed the house several weeks ago and is now before the senate, contains an appropriation of \$1,048,000 to provide for a government exhibit,

a special Indian exhibit, and the additional cost of the government building at the Louisiana Purchase exposition. It was deemed advisable to have the date of the fair definitely fixed in that bill, in the event any change from 1903 should be decided upon. For many months past the fair has virtually been postponed for one year. A decided majority of the directors prefer 1904, and have for six months or more.

"The repeated request of both domestic and foreign exhibitors for postponement; advices from foreign governments that they had not sufficient time in which to make preparation for a representative exhibit in 1903; the statement of Governor Taft that the Philippines would not be able to install their exhibits in a creditable manner if the exposition should not be postponed to 1904; the expressed fear of the government architect that he could not procure material for a government building by 1903, and the fact that the general public have for months past considered postponement a foregone conclusion, were some of the reasons that moved the executive committee to authorize me to inform the national commission that any action of congress changing the time of the exposition from 1903 to 1904 would be acceptable."

Shattuc One of the Speakers.

Washington, May 1.—The house gave most of the day yesterday to the District of Columbia appropriation bill, which was not completed. Mr. Shattuc, of Ohio, spoke on industrial conditions and Mr. Gaines, of Tennessee, in criticism of conditions in the Philippines.

FROM SOUTH AFRICA

New Way of Using Chamberlain's Cough Remedy.

Mr. Arthur Chapman, writing from Durban, Natal, South Africa, says: "As a proof that Chamberlain's Cough Remedy is a cure suitable for old and young, I pen you the following: A neighbor of mine had a child just over two months old. It had a very bad cough and the parents did not know what to give it. I suggested that if they would get a bottle of Chamberlain's Cough Remedy and put some upon the dummy teat the baby was sucking it would no doubt cure the child. This they did and brought about a quick relief and cured the baby." This remedy is for sale by Alvin H. Bulger.

AN ATTRACTIVE WORK

Book of the Presidents by General Grosvenor, in Every Library.

"The Book of the Presidents," by Gen. Charles H. Grosvenor, 20 years member of Congress. Pronounced the most sumptuous and magnificently beautiful book ever issued in the United States. Contains 27 large full-page photographic portraits, reproduced from the best paintings in the White House, the Congressional Library, the Capitol Building and the Corcoran Art Gallery of Washington. Contains department of autograph letters, showing an autograph letter of each President of the United States, and department of armorial bearings and genealogical notes. These two features have never before appeared in any book ever issued.

Both President McKinley and President Roosevelt posed specially in the White House for their portraits in this work. This is the greatest honor ever conferred on any publication ever issued in this country. This work reflects credit upon the nation. Every patriotic American citizen will buy it. Sells at sight. Small fortunes being made by men and women and large fortunes will be made on this publication within the next three years. High class men and women employed on commission or part salary and part commission. \$1,500 guaranteed yearly. Also, manager wanted to open small office at home or in home town, to have charge of agents and correspondence, look after the advertising and other work. Write for terms and circulars.

COUNTY AND NEIGHBORHOOD

The public schools of Empire have closed for the summer vacation.

George Clement, 67 years old, who for years operated a brewery in Warren, is dead.

Miss Ella Perry, aged 23, of Warren, took an ounce of carbolic acid, with possibly fatal results.

Mrs. Sarah Gamble, wife of John Gamble, died at the age of 91 years. She was the oldest inhabitant in Hanoverton.

Elmer Stinchcomb, of Chester Hill, Morgan county, committed suicide near Mingo by throwing himself in front of a passenger train.

Many Toronto citizens report having found while digging garden the "advance guards" of the seventeen-year locusts, which are due this year.

T. D. Hardson, formerly of Salem, is reported to have found a lost mine known as Adam's cave in the Navajo country of Arizona which is fabulously rich.

The Lisbon Presbyterian church has raised the salary of Rev. J. P. Anderson to \$1,300 per year. Mr. Anderson is now traveling in the Holy Land.

Roy Riley, a school teacher of Perrysville, Carroll county, has disappeared. It is alleged that Riley brutally whipped a six-year-old son of Mansfield Leggett, wearing out three hickory switches.

Lisbon high school commencement May 28. Thine graduates are: Misses Carrie Boone, Hazel Burnett, Eva Deemer and Mabel Marquis and Messrs. James Arter, Charles Metz and Clarence Esterly.

"Now good digestion waits on appetite, and health on both. If it doesn't, try Burdock Blood Bitters."

Wintering in Colorado And Utah.

The climate of Colorado and Utah has long been world famous, but it is only within recent years that attention has been given to the delightful winter climate of these states. Today physicians all over the United States send their patients to Colorado and Utah to escape the rigors of eastern winters and to benefit by her invigorating atmosphere and health-giving sunshine.

It is not necessary to add an elaborate argument—the conclusion is self-evident and inevitable. The winter climate of Colorado and Utah on the whole presents advantages for the invalid and the pleasure-seeker that cannot fail to command attention.

An erroneous impression prevails that because the Rocky mountains have a high elevation the mercury in the thermometer drops down below zero in the winter season and stops there, and that the snow mounts up with the altitude. The fact is that the average precipitation of moisture in the lowlands of the mountain region during the entire year is only 14.15 inches. With such average precipitation there is practically no danger of snow blockades on the railroads, save at a few points exposed to drifts and these points have been amply protected. This is especially true of the lines of the Denver & Rio Grande and the Rio Grande Western between Denver and Ogden at all seasons of the year. Facts speak for themselves, and the fact is that travel over "The Scenic Line of the World" has gone on with less interruption from snow blockades during the last ten winters than it has upon the majority of railroads in other localities which are popularly supposed to be more free from such delays than the mountain systems. DIDN'T BUY LANDS.

Havemeyer Explains Holdings
In Cuba to the Senate
Committee,

ADMITS LOWERING OF PRICES.

Reduction in Missouri Valley Was
Made to Regain Lost Trade, Which
He Declared Beet Sugar People Had
Secured by Unfair Means.

Washington, May 2.—President Havemeyer, of the American Sugar Refining company, appeared before the senate committee on Cuban relations yesterday. Accompanying Mr. Havemeyer were Arthur Bonner, treasurer of the company, and Henry C. Mott, its raw sugar buyer. His testimony was in part:

"Will you," Senator Platt asked, "tell the committee how much Cuban sugar, if any, has been purchased and is now held by your company?"

"Since early in February last we have purchased 50,000 tons or 256,000 bags, or about 10 days' supply," replied Mr. Havemeyer. "Of that quantity 26,000 tons is now in process of shipment from Cuba. The prices paid had ranged from \$1.75 to \$1.93, the highest price being paid on March 13 and the lowest on April 22."

"Does the 50,000 tons you mention represent your entire purchases in Cuba since the first of January?"

"No; we have bought all told 93,000 tons of Cuban sugars during the present year, or about three-fourths of a month's supply, our consumption being about 35,000 tons per week."

Not Trying to Secure Crop Control.

"It has been stated that your organization has been buying up or seeking to control a large proportion of the Cuban sugar crop and that if concessions are made to Cuba, practically all of the benefits would go to you?"

"There is no truth whatever in that statement."

"What difference would there be in the price of Cuban sugar as compared with the Hamburg market if the entire Cuban crop was to be sold on a congested market?"

"About one-sixteenth of a cent per pound. That would be 6 cents per hundred, as against 33 cents per hundred, which it is proposed to give the Cubans on the basis of a 20 per cent reduction in the tariff. The difference would all go to the Cubans."

In reply to other questions he said that the price of raw sugar in the United States is fixed by the beet market prices in Hamburg. The price there fixes the selling price for the entire world, said Mr. Havemeyer. On the subject of the price of Cuban sugars he said that his company could not determine their price. "We have," he said, "no control over them whatever; they don't belong to us."

"Cuba has to sell her sugar in this market, hasn't she?"

"No, that is not true; she can sell in England, for instance, if she is desirous to do so. England could take the entire Cuban crop."

Continuing, Mr. Havemeyer said the entire Cuban sugar crop is about 750,000 tons, but that much of it has been withheld from the market in view of possible tariff concessions to be made by congress. On this account his purchases had been only about one-third of the average of other years.

Speaking of the capacity of his company, he said that it refined 65 per cent of the American refined product.

Mr. Platt then asked: "Suppose the United States should make a concession of say 20 or 25 per cent in the tariff rates on Cuban sugar, couldn't you refuse to buy the Cuban product except at your own rates, and thus secure the benefit of the concession?"

Not Obligated to Sell to Them.

"In no way," was the reply. "Cuba would be under no obligations to sell to us, because, as I have said, the Cuban producers could find other markets."

He said that some five or six years ago he had acquired a half interest in a sugar plantation at Tanamo bay, but that when the owners had prepared to utilize the land their own improvements had been obliterated by the insurgents and that nothing has since been done with it. Other interests held by him in Cuba were enumerated as follows:

SMOTHER A COUGH.

You can smother a cough with your hand but you can't cure it that way. Some medicines only smother coughs.

Scott's Emulsion cures them. Old coughs and deep-rooted coughs can't be cured until the inflammation which causes them has been replaced by healthy tissue.

That is exactly the kind of thorough work Scott's Emulsion does. It changes the entire nature of the throat and lungs so that there is nothing to cough about.

Send for Free Sample.

SCOTT & BOWNE, Chemists, 200 Pearl St., N. Y.

Forty per cent of the stock of a central called the Trinidad, which has no land connected with it but which produces about 8,000 tons annually; 20 per cent of a sugar factory at Chappawa; a slight interest in another factory whose name he could not recall; an interest in a plantation at Santa Cruz in connection with a Mr. Welch, a Hawaiian planter, which produces from 8,000 to 10,000 tons of sugar a year. All these interests had been acquired, he said, before there had been any agitation of the question of a reduction of the tariff rates. He added that he knew nothing about Cuban sugar land holdings by other Americans.

Mr. Havemeyer said that the entire plant at Trinidad was owned by Americans, Mr. Atkins holding 20 per cent of the stock; Mr. Zomp, of the trust, 40 per cent, and himself the other 40 per cent.

Speaking of other sugar interests in the United States, Mr. Havemeyer said he had no understanding with the other refineries except the Spreckels plant in California, which he held in joint ownership with Mr. Spreckels. All other refineries were absolutely independent of the trust. The capacity of the Spreckels refinery he placed at 500,000 pounds a day.

Asked by Mr. Teller whether he was still buying sugar in Cuba, he said:

"We are still trying to buy, but we have not succeeded in making any purchases since April 26, when the sugar was withdrawn from the market on account of improved chances of securing the American concession."

"How do you account for the fluctuations in the price of Cuban sugar which you have mentioned as having occurred within the past few months?"

"They are due to the changes in the beet sugar market in Hamburg. There has been a constantly dropping market there on account of the increased beet product, which has amounted to about a million tons in the past year."

"Then you regard the beet sugar producers as competitors of yours?"

"I certainly do; there is what you might call a commercial rivalry."

"Last summer you fixed the price of refined sugar at points in the Missouri valley very low, did you not?"

"Yes, we did; we put it at 3.102 cents per pound, whereas the price before had been 4 1/2 cents, and the price in Atlantic coast points was still maintained at the higher figure."

"How long did you keep the price down?"

Undersold Beet Sugar People.

"Until we recovered our trade. The beet sugar makers undertook to control the market by contracts with dealers which I considered in restraint of trade. Consequently we reduced the price until our trade was restored to us, keeping it down to the lowest point for about two weeks."

The examination drifting to the assertion of Mr. Havemeyer that Cuban sugar could find a market in England, Mr. Teller asked:

"If England is a good market for Cuban sugar, why has not the Cuban product sought that market in the past?"

"Because," was the reply, "the beet sugar product can be secured from Germany at much lower freight rates."

"Is it not a fact that the United States affords the only market that Cuba has ever had?"

"No, the United States is not the only market for Cuban sugar, but owing to its geographical position this country is the principal market for it, but years ago Cuba made large exportations to England. Now the freight rate is in favor of the United States and against England."

STRICT ORDERS TO MERRITT.

MacArthur Said He Was Not to Commit Our Government.

Washington, May 2.—Major General MacArthur yesterday continued his testimony before the senate committee on the Philippines. It was in part:

Answering a question by Senator Culberson, the general said that Aguinaldo and the Filipino people were justified in concluding that the actions of the United States army were sympathetic. The Filipinos, he said, were in a resentful and vindictive opposition to Spain, and any active force on their part against Spain naturally helped the United States, and vice versa; but he said there was a distinct purpose throughout the intercourse between Americans and Filipinos to repudiate the idea of direct co-operation which in any way committed the United States to a policy.

General Merritt, he said, was under the strictest orders not to commit the government, but Aguinaldo was anxious to make an artificial record which would oblige General Merritt to do something he did not wish to do. "The Filipino," said General MacArthur, "has quite a comprehensive knowledge of Latin diplomacy."

Aguinaldo was landed at Manila aboard an American warship because he was a useful individual who could be employed in a manner that would contribute to American success.

ST. LOUIS EXPO. POSTPONED.

President Francis Announced Change to 1904—Some of the Reasons Given.

St. Louis, May 2.—A statement was given out last evening by President David R. Francis, of the Louisiana Purchase Exposition company, saying in part:

"The sundry civil bill, which passed the house several weeks ago and is now before the senate, contains an appropriation of \$1,048,000 to provide for a government exhibit,

Knowles B'l'k.,
Washington St

a special Indian exhibit, and the additional cost of the government building at the Louisiana Purchase exposition. It was deemed advisable to have the date of the fair definitely fixed in that bill, in the event any change from 1903 should be decided upon. For many months past the fair has virtually been postponed for one year. A decided majority of the directors prefer 1904, and have for six months or more.

"The repeated request of both domestic and foreign exhibitors for postponement; advices from foreign governments that they had not sufficient time in which to make preparation for a representative exhibit in 1903; the statement of Governor Taft that the Philippines would not be able to install their exhibits in a creditable manner if the exposition should not be postponed to 1904; the expressed fear of the government architect that he could not procure material for a government building by 1903, and the fact that the general public have for months past considered postponement a foregone conclusion, were some of the reasons that moved the executive committee to authorize me to inform the national commission that any action of congress changing the time of the exposition from 1903 to 1904 would be acceptable."

Shattuc One of the Speakers.

Washington, May 1.—The house gave most of the day yesterday to the District of Columbia appropriation bill, which was not completed. Mr. Shattuc, of Ohio, spoke on industrial conditions and Mr. Gaines, of Tennessee, in criticism of conditions in the Philippines.

FROM SOUTH AFRICA

New Way of Using Chamberlain's Cough Remedy.

Mr. Arthur Chapman, writing from Durban, Natal, South Africa, says: "As a proof that Chamberlain's Cough Remedy is a cure suitable for old and young, I pen you the following: A neighbor of mine had a child just over two months old. It had a very bad cough and the parents did not know what to give it. I suggested that if they would get a bottle of Chamberlain's Cough Remedy and put some upon the dummy teat the baby was sucking it would no doubt cure the child. This they did and brought about a quick relief and cured the baby." This remedy is for sale by Alvin H. Bulger.

AN ATTRACTIVE WORK

Book of the Presidents by General Grosvenor, needed in Every Library.

"The Book of the Presidents," by Gen. Charles H. Grosvenor, 20 years member of Congress. Pronounced the most sumptuous and magnificently beautiful book ever issued in the United States. Contains 27 large full-page photographic portraits, reproduced from the best paintings in the White House, the Congressional Library, the Capitol Building and the Corcoran Art Gallery of Washington. Contains department of autograph letters, showing an autograph letter of each President of the United States, and department of armorial bearings and genealogical notes. These two features have never before appeared in any book ever issued.

Both President McKinley and President Roosevelt posed specially in the White House for their portraits to be used only and exclusively in this work. This is the greatest honor ever conferred on any publication ever issued in this country. This work reflects credit upon the nation. Every patriotic American citizen will buy it. Sells at sight. Small fortunes being made by men and women and large fortunes will be made on this publication within the next three years. Resolutions of Respect By Local Union No. 62, National Brotherhood of Operative Potters.

Whereas, the All-Wise Creator in His wisdom and mercy has called from our midst our beloved sister, Catharine Isabella Gallagher; therefore be it Resolved, That while we most humbly bow in submission to the will of God, we sincerely regret the death of our beloved sister and extend our sympathy to the bereaved family; and be it

Resolved, That these resolutions be spread on our minutes and a copy be sent to the bereaved family; and be it further

Resolved, That our charter be draped in mourning for 30 days.

PLEASANT HEIGHTS PEOPLE HAVE THEIR WAR PAINT ON

Propose to Have Street Railway Company's Scalp Un- less Needed.

CONDITIONS OF FRANCHISE

Repeatedly Violated and Property Owners Clamor For Their Rights.

THEY ENGAGE AN ATTORNEY

And Propose to Have the Line Constructed According to Agreement or Have the Whole System Tied Up By Legal Action.

The management of the East Liverpool Street railway has scarcely surmounted one difficulty in the way of smooth sailing for the corporation until another and more formidable obstacle confronts the company.

A largely attended and very enthusiastic meeting of the residents of Pleasant Heights and vicinity was held at the residence of George W. Ashbaugh last night. The action there taken will leave no doubt in the mind of the street railway authorities that the citizens of Lisbon, Pleasant and other streets to be transversed by the Pleasant Heights extension, mean business this time and no mistake.

Mr. Ashbaugh was made chairman of the meeting, and a secretary was selected. The assembled property holders were then ready for business, and the better posted ones present proceeded to enlighten the others as to the true status of affairs.

A copy of the original franchise was produced and dissected point by point. It was stated that the old franchise granted to the company when it was owned and operated by A. Johnson and others was for a period of something like 18 years. Along in 1899, under the present ownership, it was apparent to both the council and management that extensions were necessary in several suburban districts. At that time the company asked for an extension of the franchise to 25 years, and in consideration of the company agreeing to build extensions in East End, Calcutta road and Lisbon street, the council complied with the request.

The original main bill and all the extensions were included in one franchise in the shape of an ordinance, and the extensions were to be completed within a period of one year from the passage of the ordinance—Oct. 10, 1899. At the expiration of that time, in case the lines were not finished, the ordinance provided that the franchise should be null and void. Other extensions have been made, but nothing has been done upon the construction of the line in question.

From time to time since the franchise was violated, the matter has been brought to the attention of the council. Upon each of these occasions the action of the body was unanimous as to the necessity for building the line, some of the members going so far as to denounce the attitude of the company in spread-eagle speeches. The desire for the company's scalp apparently left these members at the door of the council chamber, however, for nothing has come of the many motions and demands. Last November the street railway management was given 15 days in which to begin the work. At the end of that time an extension to the first of the year was asked, and granted. The company stated it wanted to renew an old contract with the Pleasant Heights Land company. It had been learned by several parties who were present at the meeting last night that this agreement provided for a donation of \$5,000 from the land company, provided the line was constructed within a year from the passage of the ordinance. This was not done. The agreement was renewed on the same basis for the second year. When the company again failed to fulfill its part of the contract, the land company washed its hands of the whole affair.

The question was raised as to whether this agreement or contract would have any bearing upon the matter as it now stands, and it was decided that it would not. The citizens state the matter is entirely in the hands of the city and the railway people. The franchise was solicited and granted. The time has expired, and the violation of a city ordinance is as

plain as the arrest of the thief caught red-handed.

The chairman reported that he had consulted Mayor Davidson, and that the official had given him an absolute promise that just so soon as he was convinced of the legality of his cause he would lose no time in enforcing the ordinance.

The decision was reached to proceed in a legal manner to secure what had been determined upon, and in order to be absolutely certain on this point, a committee of three was appointed to retain Attorney W. H. Vodrey with whatever assistance may be necessary. Every atom of data will be placed in the hands of the attorneys, and when the investigation has been completed the citizens will be in position to proceed with assurance. There can be put one result, say the property owners interested—either the line will be constructed according to the franchise, or the entire system will be tied up.

Attorney Vodrey and his associates will be given time for all the inquiry necessary and another meeting of the citizens will be held next week.

WEDDING ANNIVERSARY

DELIGHTFULLY CELEBRATED BY MR. AND MRS. J. H. BROWN.

Twenty Years Married, They Agreeably Entertain About 200 Friends.

Mr. and Mrs. J. H. Brown, of Market street, celebrated their twentieth wedding anniversary last evening by pleasantly entertaining about 200 of their friends and relatives in the Knights of Columbus hall.

The rooms were beautifully decorated in pink, green and white. Music, dancing and games of various kinds served to engage the thoughts of the guests. While progressive euchre was being played by a number, dancing to the music of the Sirius Mandolin club was engaged in by the younger set. Pining the tail on the donkey was much enjoyed by those participating in the game and the prizes awarded for both this and the progressive euchre were very pretty and appropriate. Late in the evening a delightful collation was served and in this, as well as the decorations the color scheme was well carried out.

Mr. and Mrs. Brown were the recipients of a large number of very beautiful presents, together with the congratulations of a host of friends.

Among the out-of-town guests were: Mr. and Mrs. Edward Feist, Mrs. P. W. Feist and daughter, Lillian, Misses Minnie Floto, Ella Purcell and Kate Kate Fishinger, Mrs. Miller, Mrs. Rose Campbell, all of Steubenville.

BASEBALL CRAZY

New Cumberland Claims a Strong Nine, Including East Liverpool Talent.

New Cumberland is going baseball crazy over the prospects of the team for the coming season. The team, it is said, will be the strongest aggregation that ever represented the town on the diamond. The new uniforms will arrive in a few days, the grounds are being put in good shape, and the season will be opened May 17.

George Westlake, who has the reputation of being one of the speediest infielders outside the big league, having played in almost every other league in the country, will be found in the lineup, along with Shorty O'Brine, who helped Warren win the pennant in the Iron and Oil league in 1895, and who was pronounced by Jack Menefee the best pitcher in that league. Finch, Ashbaugh, Godwin and Welsh, of last year's champion East Liverpool team, are said to have been signed; to say nothing of Jenkins, Huff, Householder and Brandon, of former clubs. Games are wanted with all strong amateur and semi-professional teams. W. H. Huff is secretary.

Cars Ran Away.

Three empty freight cars that were being switched on the Horn switch ran away about 11 o'clock this morning and went down the hill at a frightful speed, and finally crashed into several cars standing near the old glass factory. Only cars were damaged.

No Reduction in Meat.

Nothing of moment was done by the local butchers at the meeting of the association held last evening and no action taken for a decrease in the prices of meat.

JOHN W. GATES, THE FAMOUS WALL STREET PLUNGER.
A few years ago Gates was a hardware dealer in an Illinois town; now he is one of the leading figures in Wall street, heading what is termed "The Western Crowd." He has many millions and no end of nerve.

DEPUTY ALLISON AGAIN INDICTED

Three True Bills Against Him Found by the Special Grand Jury.

BLACKMAILING IS CHARGED
Also Attempting to Oppress—He is Jointly Indicted With Baker—East Liverpool Man Found Guilty of Non-Support.

Lisbon, May 2.—(Special)—The special grand jury which convened yesterday to investigate the case of Deputy Sheriff Lawrence Allison reported late in the afternoon. Three indictments were found against Allison, namely blackmailing and attempting to oppress, also jointly indicting him with Oscar L. Baker.

Allison was released on a bond of \$400 signed by C. C. Hasbrouck, of Lisbon, and Wm. E. Morrow, of East Liverpool.

The panel was made up from bystanders and their names are as follows: Perry McCaskey, A. J. Tice, Henry Burnett, C. W. Shawke, J. B. Frew, J. A. Smith, M. P. Nace, S. M. Riddle, W. D. Bristol, William Morrison, William Meyers, E. E. Pace, Daniel Jackson, Ellis Brunick and W. C. Taylor.

Daniel Wilson, of East Liverpool, was indicted by the special grand jury yesterday afternoon for non-support of a minor child. He was arraigned and pleaded guilty and was sentenced to three months in the workhouse at Canton; also to remain there until costs were paid.

William McDevitt, of Wellsville, who was indicted a charge of assaulting a 12-year-old girl, was found guilty and sentenced to three months in the workhouse.

The suit of John Q. Adams against Life I. Sharp, of Lisbon, was tried in common pleas court yesterday afternoon. A verdict of \$59.89 for the plaintiff was returned. Adams sued to recover \$55 and interest on a note given for a vehicle. The defendant claims the vehicle was not made wholly of new material.

The following jurymen have been drawn to fill the panel for next week: W. R. Baker, East Fairfield; Geo. A. Imbrie, Wellsville; W. M. Koch, East Palestine; J. C. Richardson, Clarkson; John C. Rayl, Wellsville; E. D. Moore, East Liverpool; Charles Peters, Lisbon; Edwin H. Riggs, Wellsville; Cassius Campbell; John C. Catlett, Wellsville.

VAIN OF HIS LOOKS

But They Were Destroyed By Smallpox And a Potter Killed Himself.

Trenton, May 2.—Despondent because his beauty was spoiled by smallpox, John Fitzpatrick, a potter, committed suicide last night by taking arsenic. He had been very vain about his good looks.

ALL PLASTERERS HAVE QUIT WORK

Men Object to Eight Hours at \$3.50 Instead of Nipe at \$4.00.

A DEAL IS ALLEGED
In Which the Workmen Say They Got the Worst End—Fruitless Conference Held on the Matter Last Night. Another Meeting Tomorrow.

No settlement has been reached in the difference which arose yesterday between the journeymen plasterers and Contractor Hugh Johnston. As a result all workmen in this line in the city are idle, claiming they have no right to work while the dispute lasts.

Contractor Johnston informed his men yesterday that in the future they would work eight hours at a rate of \$3.50 per day, instead of \$4 and nine hours. The men hesitated as to what course to pursue, but after working until noon decided to quit. They insist that the move is a positive reduction and they will not stand it.

The men also assert that all the contractors in the city are in the deal, but none except Johnston have allowed the fact to become known.

A conference was held last night, but no conclusion was arrived at. A meeting of the men has been called for tomorrow at 11 o'clock. It is thought at that time some definite policy will be adopted to be followed out by the journeymen.

LIBRARY OPENING

MEETING TONIGHT TO FURTHER ARRANGE FOR IT.

Date Conflicts With That of Big Entertainment, But Can't Be Changed.

The Carnegie library board will hold a meeting this evening to consider and make additional arrangements for the dedication exercises and grand opening to be held next Thursday afternoon and evening. The members are somewhat vexed over the selecting the above date, as on the same evening "The Scottish Reformation," the casts of which are made up of home talent, will be given in the opera house and many would be glad to attend both entertainment and the library opening. It is now too late for a change and preparations are going forward for the opening.

Miss Gertrude Baker, the librarian, is arranging the stock room in an excellent manner, and states that she will have at least 5,500 books for inspection at the opening.

Nothing will be left undone by either the board or Miss Baker to make the occasion one long to be remembered.

A SECOND TRACK

To Be Built By the C. & P. From Bellaire to Wells-

ville.
The Pennsylvania company, it is stated, has decided to double track its

THE BROOKMAN INDICTMENT FAILS TO STAND THE TEST

C. & P. river division from Bellaire to Wellsville on account of the tremendous freight business. The work is to be done the coming summer and it is stated on good authority that T. J. Stringer, the Portland contractor, who has done so much railroad work in this vicinity, has been given the contract for the additional track from Gaylord north of Martin's Ferry, to Brilliant, a distance of nearly 15 miles.

It is also stated that Mr. Stringer is expected to begin his work very soon. He has the reputation of being one of the best railroad builders in this section. The single track railroad between Bellaire and Steubenville cannot begin to do the work of the division, and it is absolutely necessary to get a second track.

SUMMER PLEASURE

PLENTY OF IT PLANNED FOR Y. M. C. A. MEMBERS.

Athletic, Swimming and Camping Excursions—The New Ball Park.

Great preparations are being made by Secretary Wright and Physical Director Stephens, of the Y. M. C. A., for the amusement of the members of the association during the coming summer.

Numerous camping parties, fishing excursions and the playing of outdoor games will be among the pleasures offered. The athletic park, to be located near the mill in Chester, on land owned by the company, will be the means of affording much pleasure.

Although Manager William Banfield has not granted the use of the land to the association, Mr. Wright feels confident that he will do so this week, and in consequence is making preparations for the proper equipment of the park.

The park will be arranged to accommodate lovers of baseball and basketball and all other outdoor sports. To thus arrange the park considerable grading will be necessary, and it is expected that work will be commenced on it next week.

Complete arrangements will be made in a few days for the camping expeditions. The juniors will likely spend their summer outing at Ferncliff, a beautiful country resort eight miles north of the city.

While no definite plan has been decided upon for the seniors, they are talking strongly of camping on the river. For the benefit of the boys who have not yet learned to swim, Director Stephens has announced that he will conduct a swimming school, but he has not decided when he will give the boys their practice. The parents of the boys, he states, may object to the river, owing to its lurking danger, but he will propose that life lines will be stretched and thinks that the majority of parents will give consent their boys practicing there.

SUCCESSFUL MEETING

Held By Women's Home Missionary Society—East Liverpool Ladies Took Part.

The Home Missionary society of the Steubenville district of the M. E. church held its conference at Mingo Junction on April 29 and May 1. Miss Wallace, the deaconess, was the representative from this city. She gave a report of her work during her sojourn in East Liverpool. Miss Agnes Jones, also of this city, was present, and at yesterday's session rendered a most pleasing vocal selection.

Interesting programs had been arranged for both days, and the convention adjourned after a very successful session.

ALUMNI ASSOCIATION

High School Graduates Meet and Determine to Organize One.

The graduates of the East Liverpool high school met in the Central school building last evening for the purpose of organizing an alumni association. After the question had been discussed pro and con a motion to organize a permanent alumni association was carried.

It was decided to hold a similar meeting on Monday, May 12, when officers will be elected and further plans effected.

Granted a Divorce.

Lisbon, May 2.—(Special)—Thomas H. Brawdy was granted a divorce from Edna M. Brawdy yesterday. She was charged with unfaithfulness.

Judge Hole Sustains the Demurrer to the True Bill Returned.

THE RIGHT TO EMPLOY

Or to Discharge Men, Rest Wholly With Employers, He Holds.

THE STATUTE IS NOT VALID

And Its Unconstitutionality Is Apparent in the Opinion of the Court. Former Decisions in Other Courts Are Cited.

Lisbon, May 2.—(Special)—The decision of Judge Hole in the case of D. Spencer Brookman, manager of the Wellsville mill, who was indicted for unlawful coercion, has been handed down.

The demurrer to the indictment is sustained and the statute under which the indictment was found pronounced unconstitutional, null and void. Brookman, it will be remembered, was charged with discharging a man named Shaffer because the latter refused to give up his union card.

The case was argued some time ago and briefs were afterward submitted by the counsel. The judge says the chief, if not the only question raised by the demurrer is the constitutionality of the law under which Brookman was indicted. The decision of Judge Hole is that the statute is not valid. In other words, an employer has a perfect right to discharge or employ any man at his own pleasure.

Judge Pugsley, of Toledo, declared this statute unconstitutional, and Judge Saylor, of Cincinnati, held that it was valid. The supreme courts of Illinois and Missouri have declared similar statutes unconstitutional.

The cause of this trouble arose in November last, when Mr. Brookman requested Leonard Shaffer, a union laborer, to leave his card in the office. Upon his refusal he was at once discharged.

HOSPITAL PLANS

To Raise Money a Supper Will Be Held Soon—Park Entertainment Planned.

The hospital association at a meeting last evening, decided as a means for raising money, to give a supper the latter part of the month. A meeting will be held next Tuesday evening to further consider the question and to arrange for the supper and the date.

Manager Maxwell, of Rock Springs park, tendered the association the use of the park on Aug. 9. The offer was thankfully accepted, and plans will be made to utilize the park in a way to increase the funds of the association.

Half Fare to Alliance.

Lisbon, May 2.—(Special)—A message was received here this morning from Washington by Republican County Chairman John S. McNutt, stating that the C. & P. and Ft. Wayne railroads have given a rate of one fare for the round trip for delegates to the congressional convention at Alliance May 6.

National Club Dance.

The National club, of East Liverpool, will give a dance this evening at Rock Springs park. Nowling's orchestra will furnish the music. This will be the first dance held by any club this season.

The Chief's Fast Horse—Chief Thompson is the proud owner of one of the finest young pacing horses in the county and also an elegant new runabout. He is jubilant over his purchase. The horse, he says, is marked in the 2:23 class, but can make a mile in 2:18. The chief will most assuredly have his troubles this summer in eluding the entreaties of the fair sex.

A Valuable Raft—The small tow boat F. K. Hulings, owned by Harry Neal, near Cook's Ferry, passed down the Ohio river yesterday pulling a raft of logs, which local rivermen claim to have been worth in the neighborhood of \$25,000. The was backing down the stream, going to Cincinnati.

EAST END

GOLDENROD'S VOYAGE

Vessel That Looks After Government Lights Tarried a While Here.

The United States packet Goldenrod, which passed up the Ohio Tuesday, has started south on its return trip, and last evening the boat lay at the foot of Babb's island until an early hour this morning when it started for the southern rivers. It is the duty of this boat to look after all the beacon lights along the river, which are for the guidance of pilots.

These lights and built and kept by the government which hires people living near the lights to see that they are lit every night of the year. Their salaries range from \$5 to \$16 a month, according to the accessibility of the light. Twice a year the lighthouse tender, Goldenrod, supplies the keepers with oil and all necessities. There are 533 lights in this district, and they cost the government about \$125 a year to maintain each of them. This is the Fourteenth district, and embraces the Ohio from Pittsburg to Cairo, and the Kanawha and Tennessee rivers.

The district has an annual appropriation amounting to about \$68,000, which pays the cost of running the boat and keeping all lights. The Goldenrod, like all of Uncle Sam's boats, is the best to be had; she has a steel hull, powerful engines and a home-like cabin.

FINE HOUSE SOLD

Arthur Mountford Purchases the Robert L. Andrews' Residence

Robert L. Andrews, of Cleveland, formerly of the East End, on Wednesday sold to Arthur Mountford his large residence property on Ohio avenue. This is one of the best residences in the East End district, and it has a large frontage on Ohio avenue. It is said the consideration was in the neighborhood of \$5,000.

Mr. Mountford is the art designer of the Laughlin China Company, and has been living in this residence since he came to this city from Trenton several years ago.

SMITH'S FERRY LINE

Survey Being Made for It By the East Liverpool Railway Company.

A number of surveyors this morning commenced to survey a route for an extension of the East Liverpool Railway Company, from the state line to the upper end of Smith's Ferry. This work is being done by local surveyors, and it is expected to be completed within three weeks.

It cannot be learned at the office of the company when work on this extension will be completed from the state line although a number of men are now working completing the extension from the East End to the former point.

TAXES TOO HIGH

For This Reason New Sewer Pipe Works Will Not Come to This City.

Announcement was made in the East End this morning that, owing to the high taxes in this county, the new sewer pipe works which is being promoted by eastern capitalists and other persons of this city, the plant would not be built in this section.

The idea of building the new works has not been dropped. All the money needed for the venture has been obtained, and the only matter that is now in question is that of an available site.

Coming Back from the Army.

William Rider and William Cochran, who have been in the army in the Philippines, are expected to return to the East End by May 15. The men are residents of the East End and have been absent almost three years. It is said the boys are now at New York, but have not been discharged.

Council Will Move.

At a meeting of the Ohio Valley Council, O. U. A. M., held last evening, it was decided to vacate the present hall on Mulberry street and meet hereafter in Larkins & Ferguson's hall. Last evening one candidate was initiated.

BOCK BEER

ted and two applications were received.

EAST END AFFAIRS.

L. W. Carman has returned from a business trip to Pittsburg.

Mortorman Boyce, who has been ill with typhoid fever for several weeks, is able to be out.

Mrs. R. C. Howard and mother, Mrs. Fields, returned yesterday from the vicinity of Jamestown, N. Y.

Because his front yard was so steep John Grant was compelled to procure a step-ladder yesterday to lay a number of sod.

Thomas Jones, who had several fingers of his right hand cut off while at work at the Chester mill several weeks ago, will resume his work tomorrow.

Word has been received by the members of the Second U. P. church that both the morning and evening services at the Second U. P. church next Sunday will be conducted by Rev. Morris Watson, of Bellaire.

There was a fight on Mulberry street last evening between two prominent young men, and although it is said the new officer was walking along another part of the street, no arrests were made. The matter is now being investigated by the police.

Rev. J. A. Platts Remembered.

After the prayer meeting service at the Mingo Presbyterian church Wednesday evening a farewell was tendered Rev. J. A. Platts and wife, W. A. Tappe, in a neat speech, presented Rev. Mr. Platts with a purse of money. On behalf of the Y. M. C. A. boys L. W. McElroy presented Rev. Mr. Platts with a K. of P. charm.

SHAFFER RE-ELECTED

Other Officers Also Re-Chosen,
at the Amalgamated
Convention.

PRESIDENT'S SALARY INCREASED

Same Favor to Secretary, Editor of
The Journal and Assistant Secre-
tary—Hogan Succeeds Ridd, as One
of the Trustees.

Wheeling, W. Va., May 2.—All that remained to be done by the Amalgamated association last night was the election of vice president, the appointment of the conference committee and the selection of the next convention city. The election, which resulted in a decisive victory for all the present officers, was the principal business yesterday. As forecasted by the Associated Press, the opposition to President Shaffer centered their hopes in Thomas Williams, of Zanesville, O., who was the only opposing candidate. The name of Assistant Secretary M. F. Tighe was not presented. Shaffer was triumphantly elected, receiving 148 votes to Williams' 56. When the result was announced the executive received a great ovation. It is his fourth term.

Secretary John Williams and Editor Ben I. Davis, of the Amalgamated Journal, were re-elected to their respective positions without opposition. The most interesting contest was that over the position of M. F. Tighe. Taking advantage of some feeling that had been stirred up against Mr. Tighe on account of the prominence he had been given as a possible candidate against President Shaffer, the names of two men were placed in nomination, Ben Jones, of Carnegie, Pa., and Harry Griffiths, of Elwood City, Pa. Tighe was re-elected by a handsome majority as follows: Tighe, 117; Griffiths, 49; Jones, 34.

Nearly a dozen candidates were put up for trustees. Two ballots were necessary, resulting in the re-election of John E. Taylor and Elias Jenkins. The third trustee is John G. Hagan, of Piqua, O., who succeeds John Ridd. The best feeling seemed to prevail among the delegates, and the anti-Shaffer crowd were just as warm in their congratulations of President Shaffer as were his most radical adherents.

The report of the committee on good of the order contained many important suggestions, which created much discussion. One of the most interesting items of business transacted was the increase in salaries of 25 per cent given the president, secretary, editor of The Journal and assistant secretary.

Secretary Moody Took Oath.

Washington, May 2.—Congressman William Henry Moody, of Massachusetts, took the oath of office as secretary of the navy at 9:35 o'clock yesterday. The oath was administered by E. P. Hanna, solicitor of the navy department. Those present were John D. Long, Representatives Roberts, McCall, Lawrence and Green, of Massachusetts, and Assistant Secre-

BEYOND A DOUBT

Good Hard Facts Told in
as Few Words as
Possible.

Mrs. George Hall, of No. 389 West Market street, East Liverpool, Ohio, says: "I was bilious. My head ached hard and constantly. There was a general feeling of weakness and depression. I was asked to try Dr. A. W. Chase's Nerve Pills, and did so, getting them at Larkins' drug store. The result was very good indeed, as the biliousness was overcome, the headaches cured and bodily and nerve strength furnished. Dr. A. W. Chase's Ointment I can vouch for in burns as a fine application."

Dr. A. W. Chase's Nerve Pills are sold at 50 cents a box at dealers or Dr. A. W. Chase Medicine company, Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

tary of the Navy Darling, former Assistant Secretary Hackett, Cyrus Wells, private secretary, and Frederick W. Fishback, Mr. Moody's confidential clerk. The former secretary, Mr. Long, was the first to congratulate Secretary Moody. The ceremony was followed by a reception to the bureau chiefs and assistants in the department who came to meet the new secretary.

WEST. MD. ORDINANCE HELD UP

Report That Gould People Would Get
Philadelphia Terminal to Be
Investigated.

Baltimore, May 2.—Final action on the ordinance providing for a sale of the city's interest in the Western Maryland railroad to the Fuller syndicate was deferred until Monday night by a vote of 5 to 4 in the second branch of the city council last night. This action was taken for the purpose of investigating a published report that the Wabash railroad was seeking a Philadelphia terminal through a traffic arrangement with the Philadelphia and Reading railroad, and that "a strong Gould representation would be found in the Reading's directorate in the near future."

George J. Gould, President Ramsey, of the Wabash railroad, and other directors in that road are members of the Fuller syndicate. The Fuller sale ordinance contains a provision that the Western Maryland railroad shall not be sold to any railroad controlling, owning or operating any line terminating in the city of Philadelphia. The Reading railroad is one of the bidders for the Western Maryland stock, but the foregoing provision would have to be amended before its bid could be accepted.

SULLIVAN A BAD MAN.

Other Two Crafton Burglar Suspects
May Be Released.

Pittsburg, May 2.—In the capture of Joseph Sullivan in connection with the Crafton burglary, the police are convinced that they have secured a dangerous criminal. At noon yesterday Detective William Elmore announced positively that the man was John Sherman, a thief, whose home is in Buffalo, N. Y.

There is little likelihood that the other men arrested will be kept in jail. They will likely be released at a hearing to be held in the jail today by Justice C. F. Engle, of McKees Rocks. The men tell straight stories and there is a likelihood that their stories will be confirmed by today.

Alonso Black and Edward Lawson both claim to be bottle blowers, lately employed in the Wilcox Glass company's plant at Labelle, Ind. They say they worked up until last Saturday and their union cards bear out their statement. They started out then to go to Tarentum, this state, got as far as Youngstown, and there jumped a train. When confirmatory letters arrive from Indiana the young men will be released.

U. S. OFFICERS TO BE RELEASED.

Understood King Will Remit Imprisonment—Must Pay Damages.

Rome, May 2.—United States Ambassador Meyer conferred yesterday morning with Signor Prinetti, the foreign minister, and it was arranged that the American naval officers imprisoned at Venice should be released yesterday or today, conditioned upon the payment of civil damages amounting to \$2,000.

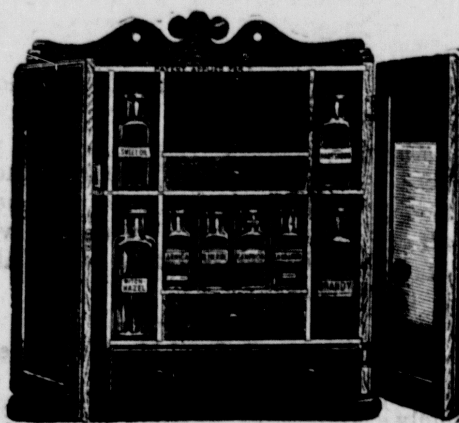

It is understood that King Victor Emmanuel will exercise his prerogative to remit the imprisonment, so that after a caution they may leave Venice today aboard the cruiser Chicago.

WANT AGUINALDO AS WITNESS.

Carmack Criticized Senate Committee For Refusing to Call Him.

Washington, May 2.—Aguinaldo was the special subject of discussion in the senate yesterday. As soon as the Philippine government bill was taken up Mr. Carmack, of Tennessee, resumed his criticism of the Philippine committee for its refusal to call Aguinaldo and other Filipino witnesses. He maintained that as re-

NOTICE TO REPUBLICANS

Notice is hereby given to the Republican
electors of the Eighteenth Congressional
District of Ohio that a delegate convention
to place in nomination a candidate for Rep-
resentative in Congress will be held at

Alliance, May 6, 1902,

at 11 o'clock a. m. delegates will be elected
in the several counties composing said dis-
trict on the basis of the Republican vote
cast for President in 1900, viz: 1 delegate
for each 100 votes and fraction thereof in
excess of 50. This apportionment is as
follows:

Columbiana.....103 delegates.
Mahoning.....80
Stark.....122
By order of Congressional Committee.
J. P. FAWCETT,
C. B. WICK,
ED. A. KING, } Committee.

Admiral Dewey, in response to a let-
ter from a Sunday school teacher who
had heard that he served liquor to the
men behind the guns on the occasion
of the famous battle in Manila bay,
flatly denies the story. Nothing
stronger than coffee was served dur-
ing the fight, or at that celebrated
Sunday morning breakfast. The Span-
iards tried to win at Santiago on the
strength of rum, and the world knows
the result. The regulations of the
American navy forbid the use of liquor
on board a ship except for medicinal
purposes. Modern naval battles are
won by cool, clearheaded and coura-
geous methods. Life's battles are won
in the same way. Neither Uncle Sam
nor any other sensible man now
thinks of enlisting the aid of whisky
as an ally in his fights.

The attack which the Republican
administration at Washington has or-
dered to be made on the beef trust is
having several sorts of consequences
which were not foreseen at the outset.
It is inciting assaults on that combine
by many states—Illinois, Missouri,
Colorado and others. It has sent the
price of beef down in some quarters,
evidently through fear of the attack
which is about to be made in the
courts. There has come, among the
Democratic politicians and newspa-
pers, a deep and sudden silence regard-
ing the alleged relations of the Repub-
lican party to the trusts. The exist-
ence of trusts is a fact. Men of all
parties and of no parties are inter-
ested in them. The question of their
regulation should not and cannot be
made a partisan one.

There is one most satisfactory fea-
ture about the increase in meat prices.
The trust people find their profits di-
minishing. Leading packers in Chi-
cago state that the consumption of
beef has fallen off 37½ per cent since
the agitation of the meat question be-
gan. Good enough! When corpora-
tions or individuals begin to show in-
ordinate greed and a disposition to
bleed their customers, it is a comfort
to see them overreach and lose where
they expected to gain.

The man that tells you to "go to
grass" is giving excellent advice. The
grass and leaves and spring flowers
that are springing into life and beauty
these bright May days are the most
attractive objects in nature, and a
visit to the woods and fields at this
season is about the best prescription
that can be given for that tired feel-
ing that occasionally overtakes the
town-dweller.

Gov. Taft says he does not believe
that cruelty and the water cure typify
the American army in the Philippines.
No good American holds any such
view, but that does not change the

fact that the army must be purged
of the charge of barbarity, even in
isolated instances.

J. P. Morgan is said to have re-
ceived \$172,500,000 in stock as com-
pensation for his services in promot-
ing combinations. Some of his friends
say he has not been overpaid, but
Morgan says nothing.

There does not appear to be any
unwonted activity among Democratic
statesmen, Tom Johnson excepted, to
secure the cast-off mantle of Col. Wil-
liam J. Bryan.

The St. Louis world's fair has been
postponed until 1904, and jealous Chi-
cagoans are hoping it will be post-
poned indefinitely.

The prosperity of Porto Rico is
likely to set Cuba to thinking about
securing the benefits of annexation.

The price of beans has advanced
and there is loud lamentation in Bos-
ton.

AT THE THEATER

The merry Black Patti Troubadours
are coming to town. This organiza-
tion has the best credentials of merit
any could possess. Six years of phe-
nomenal success in every section of
the country, playing in the leading
theatres, and entertaining the high
and lowly with the same degree of in-
terest, is the company's record. At
Grand Tuesday night.

"The Girl From Chili" was presented
to a large audience at the Grand last
night, and gave a creditable produc-
tion, the like of which has not been
seen in this city in months. The piece
was replete with specialties, and the
work of the players was appreciated.

"A Homespun Heart" is a compan-
ion play to "Human Hearts," but is
said to excel that popular favorite in
its intensity and realism. It is Hal
Reid's latest and greatest success,
and will be presented at the Grand
Wednesday evening.

The Crystal Slipper Extravaganza
company played to the largest audi-
ence last night and gave one of the
most moral and amusing entertain-
ments that has ever visited our city.
—Winchester Daily News.

SILVER JUBILEE OF SPALDING.

Bishop's Twenty-Fifth Anniversary
Celebrated in St. Mary's Cath-
edral in Peoria.

Peoria, Ills., May 2.—The silver
jubilee of the consecration of the Rt.
Rev. John Lancaster Spalding, bishop
of the diocese of Peoria, was cele-
brated at St. Mary's Cathedral yes-
terday morning, that being the
twenty-fifth anniversary of that oc-
casion. The exercises began with a
parade from the Spalding institute to
the cathedral, the procession being
formed of all the local and visiting
clergy fully vested, and the Catholic
societies of the city in full regalia.
At the cathedral Bishop Spalding cele-
brated solemn pontifical high mass,
and an elaborate musical program
was given by a choir of 100 voices.
The jubilee sermon was preached by
Cardinal Gibbons at 11 o'clock.

Commencing at 12:30 o'clock a ban-
quet was served at the episcopal re-
sidence.

Dean Mackin presented Bishop
Spalding with a purse containing
\$7,000 from the clergy of the diocese,
and with another purse containing
\$1,200 from Spalding council. Knights
of Columbus, of Peoria, for the estab-
lishment of a free scholarship in
Spalding institute for boys to be con-
trolled by the bishop.

The sermon at last evening's ex-
ercises was delivered by Archbishop
Ireland.

DEDISTRICTING BILL BEATEN.

Ohio Congressional District Will Not
Be Changed.

Columbus, O., May 2.—The Bunham
redistricting bill was defeated in the
house last evening, and it now as-
sures that no change will be made in
the Ohio congressional district, by this
legislature.

Gentle.

Walter—How would you like to have
your steak, sir?

RETARY. 100-1

POTTERY NEWS

When the Laughlin China company
started its plant in the East End sev-
eral years ago there was much specu-
lation among the workmen in the old
pottery, No. 1, as to who would
have the distinction of making the
first piece of ware in the new shop.
The same conditions prevail today,
and there is still much guessing at
plant No. 2 as to who will be called
upon to make the first piece of ware
in No. 3. Samuel Jackson, who is now
working at a jigger in No. 2, is likely
to be asked to make the first piece.
Manager Harker stated this morning
that, inasmuch as Mr. Jackson was the
oldest employe in all the shops, it
was his desire that he mold the first
clay in the new shop. This honor fell
to Mr. Jackson when No. 2 was start-
ed. The new shop is being rapidly
prepared for operation, and there is
nothing but activity there. Contractor
Hill is now working on the erection
of the four decorating kilns, but when
these will be completed cannot yet be
told. Quite a large amount of clay has
been made and all the machinery is
installed in the slip house.

The dispute at the Keystone pottery
at Trenton over who should pay for
bad ware has reached such proportions
as to cause a strike among 52 press-
ers. The men quit work Tuesday. The
dispute over the conditions at the Key-
stone is of long standing. Similar con-
ditions exist in other sanitary plants
which compel the pressers to stand re-
sponsible for ware which, after it
leaves the kiln, will not stand inspec-
tion. The men say the bad ware is
not the result of poor workmanship
and they are in a quandary as to why
they should be compelled to stand for
it. The real cause for the breaks in
the ware is more or less technical, be-
ing governed by the rules of expan-
sion and contraction, which is regula-
ted by the temperature of the kiln,
followed by the temperature of the
place in which it is deposited after the
kiln is drawn. The matter has been
reported to the N. B. of O. P. executive
board.

It will probably not be long until
the East Liverpool Street Railway
company will be asked to move its
tracks a little from their present loca-
tion at the Thompson pottery, as an-
other addition is being built to this
plant. Aside from the addition of sev-
eral decorating kilns the company has
commenced work on the foundation
for an addition to the warehouse. One
of the firm stated today that the com-
pany was compelled to go to an ex-
pense of almost \$300 in making the
foundation for the new decorating
kilns, on account of the condition of
the ground, where they are to be lo-
cated.

The officials of the Brotherhood had
matters well in hand when they ar-
ranged for a reduced rate for the dele-
gates to the Trenton convention. The
trip is being made on the old certifi-
cate plan of fare and one-third—full
fare going and one cent per mile on
the return trip. Representatives of
the traffic association met at Trenton
with a committee from the pottery
workers, and the certificates were gone
over and countersigned. Provided
there are one hundred delegates trav-
eling on the plan, the rate will be grant-
ed. A majority of the men will pur-
chase their tickets early.

Active work has been commenced
by the East Liverpool Sagger com-
pany in remodeling the property on
Second street, formerly occupied by
John Rinehart. The several kilns will
be located in the rear of this property
and it is expected that the plant will
be ready for operation within 60 days.
Many bricks that were used in the im-
provements that this company made
at the old light plant building in Pink
alley will be used in additional build-
ing on the new site.

Work on the new sagger shop at the
Smith-Phillips pottery is progressing
rapidly, and it is expected that by the
middle of next week the room where
the saggars are made at present will
be moved to the new shop. The walls
of the new shop have been completed,
and the carpenters are now completing
the roof. It will take but a few days
to make the necessary changes, and
then the sagger makers will forsake
their old room.

The meetings of the several locals
which will be held this week, it is said,
will be quite dull, as each member
will be waiting to hear what action has
been taken upon resolutions at the
Trenton convention. There will be a
certain amount of routine work. After
the sessions of this week the meetings
give promise of being very interesting.

Mike Stillwell, a well known young
pottery workman of the East End,
while playing ball Wednesday evening
at Columbian park, was struck on the
end of the thumb by a thrown ball.
The injury was quite painful and he
sought the services of a physician be-
fore he was relieved.

It will be but a few weeks now until

Kilndrawers' local No. 17 will take up
for final consideration the benefit fea-
ture, which has been in the hands of
a committee for quite a time. The
new association is sure to start off
with a large membership.

Manager Thomas Price, of the
Union Potteries' plants, was in the
city yesterday in company with Vice
President Frank W. Fowler, of Pitts-
burg. They returned to their home in
the afternoon.

Fay Herron, a finisher at the East
Liverpool pottery, who has been in
Beaver Falls for several days visiting
friends, has resumed work at her
bench.

Kilnmen's local No. 9 will meet this
evening in Brotherhood hall. It will
be the last meeting of this local be-
fore the delegates will leave for Tren-
ton.

James Jenkins has taken a position
on the glost end at Brunt's, working in
the place of George Smith, who is at-
tending the Trenton convention.

Tomorrow will be little pay.

Your Fate Lies In Your Hand.

Don't fail to consult Prof. Edwards,
the Psycho-Palmist, and student of oc-
cult laws, and learn what gift you pos-
sess. This may bring you laurels for
a thought. Did you ever think and
ponder over the unfortunate turns of
life? How many die of lost art and
undeveloped talent?

HUMANITY possesses strange and
wonderful mental facilities. Some are
born with a talent for a doctor, a law-
yer, a preacher, while others are pos-
sessed with equally as great a talent
in other pursuits of life. Should they
take up and develop their latent power,
success will, nine times out of ten,
crown their efforts.

PROF. EDWARDS is well versed in
the latter day sciences, and foretells
events by means of Palmistry and
Psychology, to which scientists are de-
voting considerable time and attention,
both in their studios and literature.

PROF. EDWARDS has spent seven-
teen years on the road studying hu-
man nature in connection with some
of the most eminent scientists that
this country has produced; and is a
graduate of a college of science. His
knowledge of human life is broad, deep
and profound, and with his great
knowledge of the most exact science,
Palmistry, Psychology, Astrology and
Personal Magnetism, etc., makes of
him all he claims.

PROF. EDWARDS is located in this
city permanently. Those wishing to
consult him can do so without the
slightest fear of having their confi-
dence betrayed.

HE GIVES ADVICE on all matters
of business, lawsuits, deeds, wills,
mortgages, separations, divorces and
investments of all kinds. You will
find his advice infallible in every in-
stance. Tells you whether your friends
are true or false—who and when you
are to marry.

THOSE WISHING to see Prof. Ed-
wards will do well to take advantage
of the reduced prices. Hours, 10 a.
m., to 10 p. m. All readings strictly
confidential.

CALL MONEY UP TO 15.

Had Much Effect on Stock Market,
Thursday—Some Supplementary
Causes.

New York, May 2.—The volume of
dealings fell off again in yesterday's
stock market and the movement of
prices indicated much uncertainty
and confusion of sentiment. The
flurry in call money to 15 per cent
would go far to explain the action of
the market, but there were some sup-
plementary causes which were con-
fusing, and no doubt had something
to do with the rise in the money rate.
The preparation for the May dis-
bursements, which are unusually
heavy this year, was, of course, the
primary cause of the constriction of
the money supply. But such a dem-
onstration of instability as that in
international Power and a number of
other industrials, whose affairs were
other industrials, whose affairs are
Wednesday and yesterday, had the
inevitable effect of inducing closer
scrutiny of the character of collateral
offer for loans. There were mov-
ements in different stocks.

The bond market was irregular in
sympathy with stocks. Total sales,
par value, \$2,430,000.

WELLSVILLE

DARING ESCAPE
FROM DURANCE

Female Prisoner Got Out of City Hall In a Very Hazardous Way.

SLID DOWN A BIG WIRE

Landed Safely on the Ground and Escaped to the West End—Re-arrested and Committed to the Bastille—Sensational Sequel to a Fight.

Lively doings were in progress last evening around the city building and the mayor's office. In a most hazardous and unexpected manner Mrs. Libbie Burnfield left the headquarters of the city's chief executive unseen by anyone.

She had been arrested yesterday forenoon, with her husband, Louis Burnfield, from whom she has separated, and Mrs. Anna Call. All had participated in a lively hand-to-hand fight in the West End and all were badly bruised up. Mrs. Burnfield had one of her eyes somewhat darkened. When they were given a hearing early yesterday evening, Mayor Fogo fined Burnfield \$20 and costs, his wife \$25 and costs and Mrs. Call \$10 and costs. Both Burnfield and Mrs. Call settled, but Mrs. Burnfield was unable to do so and asked the mayor to send out for persons who, she thought, might go on her bond.

The mayor left his office for a few moments and instructed Officer Pittenger to watch the door.

Mrs. Burnfield, being left alone, thought she saw an avenue of escape. A quarter inch electric light wire ran down the rear side of the city building, passing within a few inches of a window in the office. Mrs. Burnfield slid down this wire to the ground, a distance of perhaps 25 feet and thence escaped up a back alley.

She was not missed for fully ten minutes and then every officer and ex-officer on the force was sent out in search of her.

She was finally landed by Officer Thorn, who found her on Steubenville street in the West End. She will appear before the mayor again today and it is thought will receive a long workhouse sentence.

A SOCIAL SESSION

To Follow the Regular Meeting of the Foreign Missionary Society.

The regular monthly meeting of the Woman's Foreign Missionary society of the First M. E. church will be held this evening at the home of Miss Carrie McCann on Broadway. After the regular monthly business has been transacted a social session will follow. Refreshments will be served.

The society at the present time is reported to be in a very flourishing condition and the work has created a great deal of interest among the citizens.

FOUR CARS PILED UP

A Small Wreck Caused By the Derailment of a Coke Car.

A small wreck, in which coke cars were piled up, occurred last evening on the C. & P. road at the foot of Fifth street.

The freight train known as the "Conway Drag" No. 94 was running eastward at a very slow rate of speed when a coke car became derailed in some unknown manner. Four of the

cars were jammed together, breaking the train.

No one was injured, excepting a stray reporter who happened to be standing on the river side of the track at the time, and was compelled to jump over the bank, cutting his right hand somewhat.

The wreck train arrived on the scene a few minutes after the occurrence and cleared up the track in a short time.

Traffic was not delayed in the least, as the road is double tracked at this point.

BODY RECOVERED

Remains of the Negro Lost From a Towboat Found Opposite Wellsville.

The body of the unknown negro fireman who dropped off the towboat Gleaner several days ago was recovered last evening on the West Virginia shore of the river opposite the West End. No marks of identification were found on the body.

The coroner at New Cumberland has been notified and nothing will be done with the floater until he arrives.

Fined by the Mayor.

Fred Green was arrested by Officers Thorn and Davis last evening, charged with being drunk and disorderly. He will be given a hearing today by Mayor Fogo and the usual \$4.00 will be administered.

MINOR NEWS OF WELLSVILLE.

James Madden was in Lisbon yesterday.

J. M. Russell made a business trip to Pittsburgh yesterday.

W. S. Firestone, of Lisbon, was here yesterday on business.

Mrs. A. R. Wells went to Mingo yesterday to visit friends for a few days.

Miss Fannie Minor left for Cleveland yesterday, where she will hereafter reside.

T. M. Patterson, of Burgettstown, Pa., was a business visitor in Wellsville last evening.

Wellsville school teachers were all paid yesterday for their services during the last month.

William McLane and A. H. Watson, of West Point, spent yesterday in Wellsville on business.

Thomas Lawson left yesterday for Cambridge Springs, Pa., where he will remain for some time.

On account of a sprained wrist Perry Morris is unable to attend to his regular duties at the railroad shops.

W. H. Baldwin, manager of the Carroll-Porter boiler works, went to Pittsburgh last evening on a short business trip.

Miss Mary Woolley and Miss Percy Conn went to Rochester yesterday, where they will visit friends for a few days.

Superintendent W. H. Scriven, of the C. & P. road, passed down the river yesterday in a special train. The train returned to Pittsburgh last evening.

At the meeting in Mingo yesterday of the Woman's Home Missionary society of the M. E. church Mrs. A. R. Wells, of this city, was elected vice-president.

"I had a running, itching sore on my leg. Suffered tortures. Doan's Ointment took away the burning and itching instantly, and quickly effected permanent cure." C. W. Lenhart, Bowling Green, O.

ALUM BAKING POWDERS

Condemned in Missouri And Confiscated By Health Authorities in New York.

Judge Clarke, of St. Louis, has convicted and fined heavily a number of grocers for selling baking powders containing alum.

The week before the Health Department of New York seized a quantity of stuff being sold for baking powder which they found was made from alum mixed with ground rock, and dumped it into the river.

The Health Authorities are thus taking effective means to prevent the introduction into our markets of injurious substitutes in place of wholesome baking powders.

As alum costs only two cents a pound, there is a great temptation for those manufacturers who make substitutes and imitation goods, to use it. Alum baking powders can be detected by the health authorities by chemical analysis, but the ordinary housekeeper, whose assistance in protecting the health of the people is important, cannot make a chemical examination. She may easily know the alum baking powders, however, from the fact that they are sold at from ten to twenty cents for a pound can, or that some prize—like a spoon, or glass, or piece of crockery, or wooden ware—is given with the powder as an inducement.

As the people continue to realize the importance of this subject and dealers insist on having baking powder of established name and character, and as the health authorities continue their vigorous crusades, the alum danger will, it is hoped, finally be driven from our homes.

FRIENDS AND VISITORS

Thomas Wooster is visiting his daughter in Pittsburgh.

Mrs. Ida Bradshaw, of Niles, is a guest of friends in this city.

W. L. Thompson is confined to his home, owing to an attack of the grip.

Miss Maude Carman, of the East End, is confined to her home by illness.

Miss Mary Oliver is off duty at the Bell telephone exchange owing to sickness.

N. A. Frederick and wife are home from an extended visit and tour in California.

Miss Madge Moore is confined to her home on Avondale street owing to sickness.

Harvey Thompson has returned from a visit with his parents at Youngstown.

Thomas Parker, of Salem, has returned home after a short visit to relatives on Lisbon street.

Mrs. A. W. Scott and children left last evening for Augusta, O., to visit a week with relatives.

George Olmhausen returned last evening from Cleveland, where he served on the United States grand jury.

City Clerk Willis Davidson, Attorney F. E. Grosshans and Len Hertel, of this city, were in Lisbon yesterday on legal business.

George Knoblock, who has been sick at his home on Lincoln avenue for several weeks, has recovered and is able to be out again.

Miss Hattie Ashbaugh is very ill at her home in this city. Mrs. Grace Bradshaw, of Niles, has been summoned to the bedside.

Gilbert G. Gaston and family, of Steubenville, who have been visiting at the home of Dr. J. T. Elliott for several days, have returned to their home.

Misses Anna and Lizzie Marion, who were in the city attending the funeral of their brother, Edward Marion, returned to their home in Steubenville last evening.

CHESTER SCHOOLS'
CLOSING PROGRAM

A Fine Entertainment Was the Commencement at Rock Springs Pavilion.

BIG CROWD IN ATTENDANCE

The Exercises Were First-Class, Even Though There Was But One Graduate—Neat Sum Realized for the Benefit of School Library.

One of the prettiest, most elaborate and well managed entertainments that has ever been held in this busy village, was that of the first commencement of the Chester schools last night at Rock Springs park.

The entertainment was a grand success both socially and financially, nearly \$100 being cleared, which sum is for the purpose of establishing a library in the central school building.

The pavilion in the park and the decorations were donated to the board of education for the occasion and the only expense was that of advertising.

The First Presbyterian church choir furnished part of the music for the entertainment and were well applauded after each selection. Mrs. G. R. Ahrendt's solo, "Bonnie Sweet Bessie, the Maid of Dundee," won golden opinions, and was one of the best features of the entertainment.

The address of welcome, by Miss Bessie Wells, one of the older scholars, was a very clever production.

Miss Pearl Glass, the only graduate, gave a very interesting oration on the "Future of American Women."

Other interesting features given by the smaller pupils of the schools were the wreath drill, Desarte exercises and milk drill.

Prof. R. E. Rayman, superintendent of the East Liverpool public schools, gave a very interesting address on "Popular Education."

Pictures of Martha and George Washington were presented to the schools by the Jr. O. U. A. M. and a fine bookcase was also presented which is to be used in the new school library.

In conclusion Miss Glass was presented with a diploma by Superintendent G. A. Allison. Nearly 700 people witnessed the exercises, the most of whom were the parents of those who took part.

AGAINST BONDS

CHESTER CITIZENS OPPOSED TO A \$24,000 DEBT.

Only 85 Votes for the Proposition And 129 in Opposition.

The vote taken by the citizens of Chester yesterday to decide whether or not the city should be bonded to the extent of \$24,000 for the paving and otherwise improving of Carolina avenue and First street resulted in an overwhelming victory for those opposing, there being but 85 votes cast for the issuance of the bonds and a total of 129 votes against it.

The election was conducted by Thompson Allison, E. C. Baxter and Joseph Finley and their certified statement of the above result was accepted by council last evening.

ARRESTS PROMISED

IF THE STREET RAILWAY DISREGARDS FRANCHISE.

Mayor to Notify Company That Tearing Up Certain Streets Won't Be Tolerated.

"Gentlemen of council, I have something to tell you tonight, and I want your thoughts concerning it," said Mayor Shradar to the Chester councilmen at the meeting held last evening. "I have noticed that the East Liverpool & Rock Springs Railway company has begun the tearing up of the streets preparing to laying a double track. Knowing that it has no legal right to do so, I, as the executive officer of the town of Chester propose to arrest any man found digging up the street."

"The railway company by its franchise is privileged to dig the street and lay a double track on a portion of its route, but only a portion, and I want to know if council is willing that the company tear up the streets in violation of the franchise. If council is not willing, do you want me to notify the company to that effect?"

The majority of the members of council voiced their sentiments in a manner pleasing to the mayor and the

question was finally disposed of with a motion by Riley, which received a second, ordering the mayor to notify the railway company that it must lay a double track only along the route where the franchise grants a 20-foot right of way.

An ordinance providing for the proper keeping of hens, geese, ducks and guinea fowls was accepted and adopted. According to this ordinance if a chicken is found the finder is entitled to 10 cents for capturing it and five cents per day for 10 days for keeping it and then the mayor is allowed a fee. Wetzel said he thought it would be a valuable hen before the finder and the mayor finished action on it.

E. S. Goode, through his attorney, J. R. Donehoo, notified council that he would institute a suit for \$3,000 against the city if the change of grade as proposed is made on Third street.

Constable Allison was once more censured for not attending to lights, but no action was taken.

The street commissioner was ordered to make a fill on First street, so that the road may be passable.

The officials claim to own the entire right of way over which it proposes to lay a double track and have no fear of being handicapped over the action of Shradar. An official of the company stated today all they proposed to do would be done in a legal way.

It is reported that Mayor Shradar proposes to resign from his office because of the result of the recent bond election.

VISITORS PUT UP VERY POOR GAME

Only Boys' Play For East Liverpool to Defeat the Waldorfs.

THE SCORE STOOD 14 TO 2

The Pittsburghers' Pitcher Was Batted All Over the Field—The Local Team Played An Excellent Game and Won Much Applause.

In a very uninteresting and one-sided game the local baseball team won the first of a series of three games from the Waldorf club of Pittsburgh yesterday afternoon at West End park. No team ever played a poorer game in the presence of East Liverpool fans than did the visitors. With but one exception, the entire team played like boys at town ball.

"Tommy" Boyle, one of the best players of the Winter Athletic club, here last week, was at third for the visitors, and although he played an admirable game he could not do it all and was compelled to suffer with his comrades.

To say that Hartmus, the pitcher for the Pittsburghers, was rank fails to express it. He was batted in all directions, gave the locals 14 clean hits and made two unexcusable errors. Lynch made only three errors and outside of that showed himself to be an expert.

The locals played almost an errorless game and frequently received merited applause. Winters in the box was a marvel. He made the visitors look like thirty cents, his well controlled rattlesnake deceiver resulting in nine strikeouts.

Webb and J. Heckathorn showed great proficiency at the bat, each being credited with four hits. The remaining members of the team acquitted themselves in a manner worthy of the praise they received from the spectators.

In the first inning neither side scored, but in the second and third the locals completely bewildered their contestants by scoring seven runs and continued in like manner throughout the game.

The score:

MEN ARE IDLE

Clay Workers at Toronto Sewer Pipe Plants Were Refused an Advance in Wages.

All the Toronto and Empire sewer pipe men and clay diggers quit work at the various plants of the American Sewer Pipe company Wednesday and have asked for an increase of 15 cents a day in wages. There is no organization among the men, but all have agreed to stay out until the matter of wages is adjusted, which is expected to be done soon.

There are nearly 300 men affected by the strike. The yards are nearly all well stocked with pipe and the company is and has been for some time unable to fill the orders on hand promptly owing to the great scarcity of cars in which to make shipments. This fact may prove a factor in settling the question raised by the men. The wages at present run from \$1.40 to \$1.75 a day, and a general increase of 15 cents is asked for.

A NEW PASTOR

Rev. A. D. McCullough, Formerly of Calcutta, Called to Toronto Church.

At the congregational meeting held in the Presbyterian church at Toronto Wednesday evening a call was extended to Rev. A. D. McCullough, of New Cumberland, as pastor of the church. Rev. J. P. Leyenberger was moderator and W. C. McMaster clerk.

Rev. Mr. McCullough is well known in this city, having been for several years pastor of the Presbyterian church at Calcutta.

TO FIGHT THE WABASH

Reported Decision of President Cassatt on His Western Trip.

It is said that President Cassatt, of the Pennsylvania railroad, during his recent visit to this section, not only determined to do everything possible to improve the Pennsylvania lines in eastern Ohio, but to put every possible stumbling block in the way of the Wabash invading this territory.

NEWS IN BRIEF.

Thomas Armstrong, 55 years old, an attorney, of Bedford, Pa., dropped dead while descending the court house steps.

Perry Christian, who was to have been hanged at Moundsville, W. Va., has been respited for five weeks by Governor White.

Robert Grossman, aged 14, has disappeared from his home at Slippery Rock, Butler county, Pa., and his family fear he has met with foul play.

John Miller, a farmer of near Newark, O., accidentally discharged a shotgun he was handling, the load taking effect in his head, causing instant death.

At Scottsdale, Pa., Harry and Murray Trimble were arrested on charges of maintaining a gambling place, preferred by E. E. Shoemaker, of the Anti-Saloon league.

At Newark, O., John Miller, 38 years old, a well-known farmer, was found dead near his home by his wife. His head had been blown off with a shotgun, whether by accident or not is not known.

Captain Boyles, borough treasurer of Falls Creek, Pa., has resigned his office on account of the small salary. He asked for an increase in commission of from one-half of 1 per cent to 2 per cent. Council refused and he decided to quit. His office last year paid him \$17.

The West Virginia G. A. R. passed a resolution at the New Martinsville encampment declaring Senator Stephen R. Elkins to be an honorably discharged Union veteran and eligible to membership in the organization, and condemning the charge that he was a Confederate guerrilla as false.

Havemeyer Explains Holdings
In Cuba to the Senate
Committee,

ADMITS LOWERING OF PRICES.

Reduction In Missouri Valley Was
Made to Regain Lost Trade, Which
He Declared Beet Sugar People Had
Secured by Unfair Means.

Washington, May 2.—President Havemeyer, of the American Sugar Refining company, appeared before the senate committee on Cuban relations yesterday. Accompanying Mr. Havemeyer were Arthur Bonner, treasurer of the company, and Henry C. Mott, its raw sugar buyer. His testimony was in part:

"Will you," Senator Platt asked, "tell the committee how much Cuban sugar, if any, has been purchased and is now held by your company?"

"Since early in February last we have purchased 50,000 tons or 256,000 bags, or about 10 days' supply," replied Mr. Havemeyer. "Of that quantity 26,000 tons is now in process of shipment from Cuba. The prices paid had ranged from \$1.75 to \$1.93, the highest price being paid on March 13 and the lowest on April 22."

"Does the 50,000 tons you mention represent your entire purchases in Cuba since the first of January?"

"No; we have bought all told 93,000 tons of Cuban sugars during the present year, or about three-fourths of a month's supply, our consumption being about 35,000 tons per week."

Not Trying to Secure Crop Control.

"It has been stated that your organization has been buying up or seeking to control a large proportion of the Cuban sugar crop and that if concessions are made to Cuba, practically all of the benefits would go to you?"

"There is no truth whatever in that statement."

"What difference would there be in the price of Cuban sugar as compared with the Hamburg market if the entire Cuban crop was to be sold on a congested market?"

"About one-sixteenth of a cent per pound. That would be 6 cents per hundred, as against 33 cents per hundred, which it is proposed to give the Cubans on the basis of a 20 per cent reduction in the tariff. The difference would all go to the Cubans."

In reply to other questions he said that the price of raw sugar in the United States is fixed by the beet market prices in Hamburg. The price there fixes the selling price for the entire world, said Mr. Havemeyer. On the subject of the price of Cuban sugars he said that his company could not determine their price. "We have," he said, "no control over what whatever; they don't belong to us."

"Cuba has to sell her sugar in this market, hasn't she?"

"No, that is not true; she can sell in England, for instance, if she is desirous to do so. England could take the entire Cuban crop."

Continuing, Mr. Havemeyer said the entire Cuban sugar crop is about 750,000 tons, but that much of it has been withheld from the market in view of possible tariff concessions to be made by congress. On this account his purchases had been only about one-third of the average of other years.

Speaking of the capacity of his company, he said that it refined 65 per cent of the American refined product.

Mr. Platt then asked: "Suppose the United States should make a concession of say 20 or 25 per cent in the tariff rates on Cuban sugar, couldn't you refuse to buy the Cuban product except at your own rates, and thus secure the benefit of the concession?"

Not Obligated to Sell to Them.

"In no way," was the reply. "Cuba would be under no obligations to sell to us, because, as I have said, the Cuban producers could find other markets."

He said that some five or six years ago he had acquired a half interest in a sugar plantation at Tanamo bay, but that when the owners had prepared to utilize the land their own improvements had been obliterated by the insurgents and that nothing has since been done with it. Other interests held by him in Cuba were enumerated as follows:

SMOTHER A COUGH.

You can smother a cough with your hand but you can't cure it that way. Some medicines only smother coughs.

Scott's Emulsion cures them. Old coughs and deep-rooted coughs can't be cured until the inflammation which causes them has been replaced by healthy tissue.

That is exactly the kind of thorough work Scott's Emulsion does. It changes the entire nature of the throat and lungs so that there is nothing to cough about.

Send for Free Sample.
SCOTT & BOWNE, Chemists, 409 Pearl St., N. Y.

Forty per cent of the stock of a central called the Trinidad, which has no land connected with it but which produces about 8,000 tons annually; 20 per cent of a sugar factory at Chappawa; a slight interest in another factory whose name he could not recall; an interest in a plantation at Santa Cruz in connection with a Mr. Welch, a Hawaiian planter, which produces from 8,000 to 10,000 tons of sugar a year. All these interests had been acquired, he said, before there had been any agitation of the question of a reduction of the tariff rates. He added that he knew nothing about Cuban sugar land holdings by other Americans.

Mr. Havemeyer said that the entire plant at Trinidad was owned by Americans, Mr. Atkins holding 20 per cent of the stock; Mr. Zomp, of the trust, 40 per cent, and himself the other 40 per cent.

Speaking of other sugar interests in the United States, Mr. Havemeyer said he had no understanding with the other refineries except the Spreckels plant in California, which he held in joint ownership with Mr. Spreckels. All other refineries were absolutely independent of the trust. The capacity of the Spreckels refinery he placed at 500,000 pounds a day.

Asked by Mr. Teller whether he was still buying sugar in Cuba, he said:

"We are still trying to buy, but we have not succeeded in making any purchases since April 26, when the sugar was withdrawn from the market on account of improved chances of securing the American concession."

"How do you account for the fluctuations in the price of Cuban sugar which you have mentioned as having occurred within the past few months?"

"They are due to the changes in the beet sugar market in Hamburg. There has been a constantly dropping market there on account of the increased beet product, which has amounted to about a million tons in the past year."

"Then you regard the beet sugar producers as competitors of yours?"

"I certainly do; there is what you might call a commercial rivalry."

"Last summer you fixed the price of refined sugar at points in the Missouri valley very low, did you not?"

"Yes, we did; we put it at 3.102 cents per pound, whereas the price before had been 4 1/2 cents, and the price in Atlantic coast points was still maintained at the higher figure."

"How long did you keep the price down?"

"Until we recovered our trade. The beet sugar makers undertook to control the market by contracts with dealers which I considered in restraint of trade. Consequently we reduced the price until our trade was restored to us, keeping it down to the lowest point for about two weeks."

The examination drifting to the assertion of Mr. Havemeyer that Cuban sugar could find a market in England, Mr. Teller asked:

"If England is a good market for Cuban sugar, why has not the Cuban product sought that market in the past?"

"Because," was the reply, "the beet sugar product can be secured from Germany at much lower freight rates."

"Is it not a fact that the United States affords the only market that Cuba has ever had?"

"No, the United States is not the only market for Cuban sugar, but owing to its geographical position this country is the principal market for it, but years ago Cuba made large exportations to England. Now the freight rate is in favor of the United States and against England."

STRICT ORDERS TO MERRITT.

MacArthur Said He Was Not to Commit Our Government.

Washington, May 2.—Major General MacArthur yesterday continued his testimony before the senate committee on the Philippines. It was in part:

Answering a question by Senator Culberson, the general said that Aguinaldo and the Filipino people were justified in concluding that the actions of the United States army were sympathetic. The Filipinos, he said, were in a resentful and vindictive opposition to Spain, and any active force on their part against Spain naturally helped the United States, and vice versa; but he said there was a distinct purpose throughout the intercourse between Americans and Filipinos to repudiate the idea of direct co-operation which in any way committed the United States to a policy.

General Merritt, he said, was under the strictest orders not to commit the government, but Aguinaldo was anxious to make an artificial record which would oblige General Merritt to do something he did not wish to do. "The Filipino," said General MacArthur, "has quite a comprehensive knowledge of Latin diplomacy."

Aguinaldo was landed at Manila aboard an American warship because he was a useful individual who could be employed in a manner that would contribute to American success.

ST. LOUIS EXPO. POSTPONED.

President Francis Announced Change to 1904—Some of the Reasons Given.

St. Louis, May 2.—A statement was given out last evening by President David R. Francis, of the Louisiana Purchase Exposition company, saying in part:

"The sundry civil bill, which passed the house several weeks ago and is now before the senate, contains an appropriation of \$1,048,000 to provide for a government exhibit,

a special Indian exhibit, and the additional cost of the government building at the Louisiana Purchase exposition. It was deemed advisable to have the date of the fair definitely fixed in that bill, in the event any change from 1903 should be decided upon. For many months past the fair has virtually been postponed for one year. A decided majority of the directors prefer 1904, and have for six months or more.

"The repeated request of both domestic and foreign exhibitors for postponement; advices from foreign governments that they had not sufficient time in which to make preparation for a representative exhibit in 1903; the statement of Governor Taft that the Philippines would not be able to install their exhibits in a creditable manner if the exposition should not be postponed to 1904; the expressed fear of the government architect that he could not procure material for a government building by 1903, and the fact that the general public have for months past considered postponement a foregone conclusion, were some of the reasons that moved the executive committee to authorize me to inform the national commission that any action of congress changing the time of the exposition from 1903 to 1904 would be acceptable."

FROM SOUTH AFRICA

New Way of Using Chamberlain's Cough Remedy.

Mr. Arthur Chapman, writing from Durban, Natal, South Africa, says: "As a proof that Chamberlain's Cough Remedy is a cure suitable for old and young, I pen you the following: A neighbor of mine had a child just over two months old. It had a very bad cough and the parents did not know what to give it. I suggested that if they would get a bottle of Chamberlain's Cough Remedy and put some upon the dummy teat the baby was sucking it would no doubt cure the child. This they did and brought about a quick relief and cured the baby." This remedy is for sale by Alvin H. Bulger.

AN ATTRACTIVE WORK

Book of the Presidents by General Grosvenor, needed in Every Library.

"The Book of the Presidents," by Gen. Charles H. Grosvenor, 20 years member of Congress. Pronounced the most sumptuous and magnificently beautiful book ever issued in the United States. Contains 27 large full-page photographic portraits, reproduced from the best paintings in the White House, the Congressional Library, the Capitol Building and the Corcoran Art Gallery of Washington.

Contains department of autograph letters, showing an autograph letter of each President of the United States, and department of armorial bearings and genealogical notes. These two features have never before appeared in any book ever issued.

Both President McKinley and President Roosevelt posed specially in the White House for their portraits to be used only and exclusively in this work. This is the greatest honor ever conferred on any publication ever issued in this country. This work reflects credit upon the nation. Every patriotic American citizen will buy it. Sells at sight. Small fortunes being made by men and women and large fortunes will be made on this publication within the next three years. High class men and women employed on commission or part salary and part commission. \$1,500 guaranteed yearly. Also, manager wanted to open small office at home or in home town, to have charge of agents and correspondence, look after the advertising and other work. Write for terms and circulars.

Hats Trimmed Free of Charge.

THE LEADER

Knowles B'k., Washington St

COUNTY AND NEIGHBORHOOD

The public schools of Empire have closed for the summer vacation.

George Clement, 67 years old, who for years operated a brewery in Warren, is dead.

Miss Ella Perry, aged 23, of Warren, took an ounce of carbolic acid, with possibly fatal results.

Mrs. Sarah Gamble, wife of John Gamble, died at the age of 91 years. She was the oldest inhabitant in Hanover.

Elmer Stinchcomb, of Chester Hill, Morgan county, committed suicide near Mingo by throwing himself in front of a passenger train.

Many Toronto citizens report having found while digging garden the "advance guards" of the seventeen-year locusts, which are due this year.

T. D. Hardson, formerly of Salem, is reported to have found a lost mine known as Adam's cave in the Navajo country of Arizona which is fabulously rich.

The Lisbon Presbyterian church has raised the salary of Rev. J. P. Anderson to \$1,300 per year. Mr. Anderson is now traveling in the Holy Land.

Roy Riley, a school teacher of Perryville, Carroll county, has disappeared. It is alleged that Riley brutally whipped a six-year-old son of Mansfield Leggett, wearing out three hickory switches.

Lisbon high school commencement May 28. The graduates are: Misses Carrie Boone, Hazel Burnett, Eva Deemer and Mabel Marquis and Messrs. James Arter, Charles Metz and Clarence Esterly.

"Now good digestion waits on appetite, and health on both. If it doesn't, try Burdock Blood Bitters.

Wintering in Colorado And Utah.

The climate of Colorado and Utah has long been world famous, but it is only within recent years that attention has been given to the delightful winter climate of these states. Today physicians all over the United States send their patients to Colorado and Utah to escape the rigors of eastern winters and to benefit by her invigorating atmosphere and health-giving sunshine.

It is not necessary to add an elaborate argument—the conclusion is self-evident and inevitable. The winter climate of Colorado and Utah on the whole presents advantages for the invalid and the pleasure-seeker that cannot fail to command attention.

An erroneous impression prevails that because the Rocky mountains have a high elevation the mercury in the thermometer drops down below zero in the winter season and stops there, and that the snow mounts up with the altitude. The fact is that the average precipitation of moisture in the lowlands of the mountain region during the entire year is only 14.15 inches. With such average precipitation there is practically no danger of snow blockades on the railroads, save at a few points exposed to drifts and these points have been amply protected. This is especially true of the lines of the Denver & Rio Grande and the Rio Grande Western between Denver and Ogden at all seasons of the year. Facts speak for themselves, and the fact is that travel over "The Scenic Line of the World" has gone on with less interruption from snow blockades during the last ten winters than it has upon the majority of railroads in other localities which are popularly supposed to be more free from such delays than the mountain systems. For free illustrated booklet write S. K. Hooper, R. P. & T. A., Denver, Col. 3-tf-4-tf
